

JECRC Foundation

Research Project Competition

It is in continuation of my note dated 20/04/10 inviting proposals for students' Research Projects Competition. The students are advised to submit an abstract of the proposed project in 200 words which includes introduction, methodology, required equipment and material, expected results and possible applications. The abstract should be submitted to the undersigned by 8th June, 2010 along with the names and signatures of all the team members. This abstract should also be mailed to rfu@jecrc.ac.in and a copy to asarkar.ece@jecrc.ac.in.

For further details contact: chhaya.grb@jecrc.ac.in

The team should preferably be of 2-6 members. This abstract will be used for the first screening of the projects. If necessary, students will be invited to make an oral presentation. Only the shortlisted projects will be included in the final competition.

The final presentation will include a report of 1000 words, a two dimensional model and also a three dimensional model.

The assessment of projects, as already intimated, will be in the first week of august 2010. There are three cash prizes of Rs 15000/- , Rs 10000/- and Rs 5000/- .The best project will also be given an opportunity to compete in the National level competition organized by the Institution of Engineers(India).
