JECRC Foundation

A PIONEER IN HIGHER LEARNING IN THE STATE OF RAJASTHAN, THE JECRC FOUNDATION IS REDEFINING THE ACADEMIC SPACE WITH RESEARCH ORIENTED EDUCATION THAT PUTS EXCELLENCE ABOVE ANYTHING ELSE.

JECRC Foundation through National Society for Engineering and Research Development is contributing significantly, since decades at the national stage with 12000 students and 2500 residential inmates. In addition to graduate and post graduate programmes the units of the foundation is transformed into research stations with a very strong research based programmes contributing research articles in international journals and filing patents.

It has got very strong corporate connect resulting into over 90% of students getting placed every year. Scores of funded projects are undertaken worth crores of rupees every year. There are several center of excellences and research centers such as makers club with 3D printers, CNC machines with CAD CAM software, Cadence Or CAD software, Tanner tools, SPSS software and so on.

There is a very strong Entrepreneurship Development and Incubation Centre resulting into big number of entrepreneurs and startups.

Almost all the students get the chance for National/International Internship training for six months during their studies.

The course curriculum of the University is updated six monthly through Board of Studies with academic excellence and industry experts.

With a strong base sports and games, students compete and win National/International awards.

Through numerous clubs of the Foundation uplifts the technical skills, cultural activities and social responsibilities of every individual student.

The College (JECRC)

A journey of two decades for JECRC, having more than 4000 students on campus under 6 UG programs, has earned laurels to their students, faculty members and for the institute in many ways. More than 10000 alumni’s spread over the globe has climbed the ladder to leadership positions and providing mentorship to their juniors by way of skill development, incubation, startup, research and angel funding. Faith by government agencies for providing grant of more than 2 crores for setting up center of excellence, state of art facilities for startup & incubation and providing platform to the students to develop their technical and managerial skills that is helping students to get placement in a reputed organization. Contribution towards international publications, technical activities and co-curricular activities by faculty members, students and delivery of Outcome based education is recognized by National Board of Accreditation and AICTE. Socially rich atmosphere at the campus enabling fourfold grooming of students that is recognized at National and International level and enabling students to work as interns with personalities recognized in their field of expertise. JECRC has become synonymous to placements and JECRCians have made their presence felt at every reputed company / government organization.

JECRC offers B.Tech programmes in the following disciplines:
- Civil Engineering
- Computer Science & Engineering
- Electrical Engineering
- Electronics & Communication Engineering
- Information Technology
- Mechanical Engineering
- Artificial Intelligence

Mr. Amandeep Singh, Famous Poet
Principal's Message

Jaipur Engineering College and Research Centre (JECRC) Jaipur is recognized as one of the best technical institutes in Rajasthan, and is adopting the process of change that demands quality outcome based education. The vision of the institute is to become an institute of excellence in imparting outcome based education, providing facilities to the students to get placement in reputed companies, providing a platform to the students for overall self-development that includes ethics and moral values, while developing research aptitude through project based learning.

In the process of implementing Outcome Based Education (OBE), the faculty members are measuring the progress and competencies of students as they go through a course in each semester and are being assessed against pre-defined targets. Engineers are the wealth of the nation and excellence in all disciplines is the present requirement of the country, for sustained economic growth to compete globally. Nearly twenty years ago, the founders of JECRC embarked on a journey to educate and nurture the finest engineers. It gives me immense pleasure to share that JECRC is contributing to the growth of the nation by providing outcome based education to their students and nurturing them to compete at a global level.

The faculty and technical staff members are committed to cater professional as well as research driven project based learning to the students, and accordingly the teaching-learning process is tuned so as to fulfill their career growth in the prevalent emerging technology. Different programmes have resulted in overall growth and penetration of students in varied dimensions, be it research, innovation, entrepreneurs, educationists or even as sports person and bureaucrats etc.

With the support of qualified, dedicated and hardworking faculty, the institute has achieved enviable ranking in a short span. I have no doubts that with this pace, the institute will relentlessly march ahead of other eminent institutes at the national level. Let’s give our best and make this institute a modern temple of outcome based learning through our diligence, devotion and dedication.

All the credit goes to the outstanding reputation and dedication of the institute for all these years, under the able guidance of visionary Shri Amit Agrawal and Shri Arpit Agrawal, Directors of the JECRC Foundation.

Wishing you all the best!
JECRC Incubation Centre & Entrepreneurship Cell

JECRC Incubation Centre (JIC)
JIC assists start-ups with converting their early-stage companies into highly scalable, commercially viable businesses. JIC envisions fostering an entrepreneur-friendly culture around academics & research. JECRC Foundation with 150+ alumnus start-ups and presently 25+ incubated start-ups launched its JECRC Incubation Center which was inaugurated by Mr. Arvind Sabharwal, Managing Director, Accenture Ventures & Orix Innovation and Shri Amrit Agarwal, Vice Chairperson, JECRC on 28th Feb, 2020. On the same day, the “Start-up Policy” of JECRC Incubation Center was also launched. JECRC Foundation is the first institute in the state of Rajasthan that has well-defined start-up policy of its own for the students who want to do start-ups.

Key features of policy are:
1. Availability of seed fund for students to do pilots programs for customer validations.
2. Setting up of world-class incubation center and co-working space.
3. Access to mentor network, investor’s network and industries network.
4. Special provisions like scholarships and seed money for women entrepreneurs.

Recently our four incubated start-ups also received their seed money cheque of Rs. 50,000/- by JECRC Incubation Center. These 4 start-ups are Javik (Ag-tech), EdApp (Edtech), Accelive (Mobile-App) and The Adventure Bag Club (Travel and Tourism)

As Outcomes of Previous Engagements 7 Startups are incubated in JIC
1. Javik: Founder - Arman Singhal (B.Tech CSE, 3rd Year)
2. Accelive: Founder - Mukul Gautam (B.Tech CSE, 2nd Year)
3. The Adventure Bag Club: Founder - Shobhit Gupta (BBA/LL.B/BH), 3rd Year
5. Rightway: Founder - Rajat Gubat (B.Tech CSE, 3rd Year)
6. WedVista: Founder - Deepak Choppa (B.Tech CSE, 3rd Year)
7. Zappo: Founder - Prashant Maitri (B.Tech CSE, 3rd Year)
8. Fleximetry: Founder - Himanshu Sharma (B.Tech CSE, 3rd Year)

Acceleration Program
- Knowledge Sessions: We conduct knowledge sessions, workshops by experts, one on one mentoring and pitch training. Also, we invite successful entrepreneurs who share their stories towards success and guide the student entrepreneurs to overcome all the challenges faced by a Start-up.
- Financial Support: JECRC supports innovations through funding during initial stage and pre-incubation.
- Physical infrastructure (Co-Working Spaces): Incubated Startups are given access to fully functional and resourceful Co-Working Space in the Incubation Centre 24*7.

JECRC Entrepreneurship Cell:
We have an active Entrepreneurship Cell of students, which is a non-profit organisation run by students only. 30 Students have formed a core team under the supervision of faculty members. Currently we have 250+ active student members in JECRC E-Cell. JECRC E-Cell helps to identify the pool of students who have the passion to become an Entrepreneur. They conduct various events to aware and sensitize the students in the campus.

List of Events conducted by JECRC E-Cell:
1. Ideathon - Ideathon is organized every year in JECRC and its 4th edition was organized in November 2019, in which participants were given problem statements and asked to find a solution in terms of a business plan.
2. E-Summit - E-Summit is organized every year in JECRC Foundation and the 4th edition was organized recently in March 2020, where a series of events are conducted in a span of 3 days to identify the best talent from the pool.
3. Protsahan: Our Students are contributing in promoting Entrepreneurship ecosystem in school students. For the same they conduct a workshop every year where 80+ schools from Jaipur and nearby area participate. We invite experts to give a session to those young minds on Entrepreneurship.

The JECRC E-Cell participates in the following events organized across the nation:
- TIE Smash-Up: Organised by TIE Rajasthan every year to provide a platform to young entrepreneurs in the state of Rajasthan. Our 40+ students volunteered in the event in 2019.
- TIE Global Summit - Organised by TIE Global, TIE is working with a motive to encourage young budding entrepreneurs and provide them a platform of networking opportunities. Our four shortlisted Startups represented JECRC in this Event.
- Rajasthan Startup Innovation & Startup Expo - Organised by IIArt, Government of Rajasthan. More than 5 Startups from JECRC participated in this event and interacted with the Hon'ble Chief Minister of Rajasthan.
Our Culture of Innovation

Hackquest 2020
Since the day our Hon’ble Prime Minister Narendra Modi visualized of Digital India, All India Council for Technical Education (AICTE) and the Ministry of Human Resource Development (MHRD) has decided to come together to organize a national level technical event "Smart India Hackathon." JEEC Foundation has been a consistent host of the Smart India Hackathon (SIH-2017, 2018, and 2019). This year, as a prelude to SIH, JEEC Hackquest (a coding contest) was organized. Hackquest 2020 was conducted on 20th & 21st January and 74 teams participated from different departments. These teams were assessed by a total of 12 judges from Sharjah as well as from renowned software industry. Down to evaluation rounds, 32 teams were shortlisted for a power judgment round in which teams presented their solutions to the panel. Top 10 teams were selected and awarded with prizes and certificates in the valedictory session.

JEEC Hackathon 4.0
Looking at the current scenario, JEEC took no time to realize that the students who were stepping ahead from theoretical model for working in the direction of becoming an entrepreneur need some storming real challenges with experts/mentors to supervise. To challenge the mindsets of these brilliant students, we conducted JEEC HACKATHON. This year JEEC HACKATHON was conducted in which 402 students in 77 teams took part and out of which 9 teams were selected for the next step. The teams that participated in this event had chosen a SH problem statement on which they developed software and hardware using different technologies and tools. This event was helpful for the students to enable them to develop their skills and abilities and to provide them with real-world experience. There are about 300 problem statements on the SMART INDIA HACKATHON WEBSITE on which students worked and top 9 teams got the chance to be nominated for Smart India Hackathon 2020 and represent JEEC.

Smart Business Hackathon
Jalur Engineering College and Research Center JEEC and Rajagiri Technical University jointly organized the SMART BUSINESS HACKATHON, sponsored by TECMP (A Government of India Project assisted by the World Bank) on 11th December 2017 at JEEC Campus. The event was divided into two parts: BUSINESS HACKATHON and NASA Space Apps Challenge. The BUSINESS HACKATHON was a strategic platform for young entrepreneurs, entrepreneurs, industries, technologists, and everyone to leverage their innovation and career opportunities in our businesses and daily lives. The NASA Space Apps Challenge was a global collaboration platform conducted across 250 cities around the world. The event was organized by SUMIT and KR Advisor, co-owned and organized by Think Again Lab in collaboration with Bots Allen Hamilton, Mindgrid and Society4NASA. NASA Space Apps Challenge is an official technical hackathon which had 31 challenges, and the top 3 participating teams got a chance to take part at national round held in Delhi. The winning teams from the national round gained an opportunity to go to NASA. JEEC was one of the 12 nodal centers for Smart India Hackathon-2019 and RTU Smart Business Hackathon 2019. In 2019, we had about 320 teams registered from all over Rajasthan, out of which 200 teams were selected after going through 2 levels of mentor/judges scrutiny.

Smart India Hackathon 2019
In order to make development a comprehensive mass movement and innovate on all fronts, MHRD. AICE, NIC and Persistent Systems came together to organise Smart India Hackathon 2019. It’s a non-stop product development competition, where problem statements are posed to technology students for innovative solutions. Smart India Hackathon 2019 is a non-stop digital product development competition, where 355 + problems are posed to technology students for innovative solutions. JEEC was one of the only 48 nodal centres including ITS and NIT from all over the country to have been shortlisted as the nodal centre for conducting the Grand finale of Smart India Hackathon 2019, JEEC has been given the problem statements of Ministry of Culture, Ministry of Power, Hero Electric vehicles and Tata Motors. Over 300 participants of 32 teams and 30 subject experts, judges and technical officers from all over the country came to JEEC campus. Former Minister HED, Sri Prakash Javadekar visited the nodal centre JEEC University, Jaipur. He congratulated all the participating teams as well as Nodal Centre for successful organization of SIH 2019. There were total 8 problem statements of Ministry of Culture, Ministry of Power, Hero Electric vehicles and Tata Motors for which 32 teams from all over India participated to provide their real solutions. The teams were accompanied by their mentors from industry. These teams were evaluated by a total of 30 judges from the Ministry as well as renowned software companies. Honorable Prime Minister Sh. Narendra Modi spoke to the participating students and organizers at all 28 nodal centres expressing his faith in the long term benefits of this nationwide technological revolution. The two-day schedule included a lot of recreational activities for the participants as well like Yoga Sessions, Zumba Dance Sessions & Red Bull Hour. These participants were provided with the free stay within campus as in hospitality of JEEC. More than 80 students of JEEC and around 50 faculty members were part of the organizing team that made this event possible. This event witnessed a footfall of many senior government officials and AICE officials. The valedictory session was graced by the presence of Mr. Rishi Jhamu, Vice President HR, Accenture. He congratulated all the participating teams as well as Nodal Centre for successful organization of SIH-2019.

Smart India Hackathon 2018
After the great success of Smart India Hackathon 2017, its second edition Smart India Hackathon 2018 was proposed. This second edition had two sub-sections: Software and Hardware. 45+ union ministries & departments and 18 state governments had joined this grand initiative, making it much bigger than the previous edition. Smart India Hackathon 2018 was a non-stop digital product development competition, where 340 problems were posed to teaching students for innovative solutions. It was a matter of pride that JEEC was yet again selected as one of 28 Nodal Centers for organizing and most extensive hackathon, Smart India Hackathon 2018. Over 400 students of 50 teams and 25 subject experts, judges and technical officers from all over the country came to JEEC campus. Hon’ble Prime Minister Sh. Narendra Modi himself spoke to the participating students and organizers at all 28 nodal centers expressing his faith in the long term benefits of this nationwide technological revolution. After the successful event, JEEC got an appreciation letter from Chief Minister of Rajasthan, Mrs Vasundhara Raje and also from Mr Smriti Zubin Irani, Cabinet Minister of Information and Broadcasting and Textile Ministry. Nodal teams from JEEC were also shortlisted to participate in SIH-2018 for different ministries at different nodal centers.

Smart India Hackathon 2017
Our Hon’ble Prime Minister envisaged of making Digital India and promoting digital literacy across the country. In order to put his visualization into action in association with AICE, NASSCOM, NIC and MHRD, he challenged the Indian Youth to come up with innovative new ideas. This challenge was named as Smart India Hackathon, in this engineers, IT professionals and brilliant minds were asked to solve 598 problems using technology. These problems were identified and posted by 29 central government departments. JEEC was one of the only 26 colleges who are shortlisted as the nodal center for conducting the Grand Finale of Smart India Hackathon. Furthermore, JEEC was designated as the nodal center for two ministries, Department of Posts & Department of Industrial Policy & Promotion. Three teams of JEEC were also shortlisted for three affiliated ministries and one of which was shortlisted among the top eight teams at their nodal center. Also, ministries have approached teams of JEEC to have an internship with them for at least one year and develop their solutions into workable models.
JECRC Fights COVID-19

Online Lectures
Unprecedented times call for unprecedented measures and while it was of paramount importance that social distancing was maintained and everyone stayed at home, it was also vital that education should see its due course. With this objective JECRC, turned out to be a torchbearer. We were among the first institution in Rajasthan to switch to online lectures as soon as orders for suspension of classes were received. As a result of which, we have been able to deliver more than 50,000 hours of online lectures through our 400+ faculty members to more than 10,000 of our students. It’s heartening to mention that these online lectures are recording more than 75% attendance and shows the diligence and sincerity of our teachers as well as students.

JECRC Launches Save The Saints Initiative
JECRC MasterSpace, the innovation cell at JECRC has developed a 3D printed face shield compliant with the guidelines of WHO & ICMR which will help our doctors, paramedics & sanitization workers to protect them from infection as they enter the infected zones. These face shields have been developed under the supervision of doctors from SMS Hospital. A set of 200 such indigenous face shields has been delivered to SMS Hospital, Jaipur and reflect JECRC’s commitment, as a top technology institute in the nation’s hour of need. The news of this noble effort of JECRC University travelled far and wide. Since then we have received procurement requests from hospitals of neighbouring states like Gujarat & New Delhi as well. Hon’ble CM of Rajasthan, Sh. Ashok Gehlot took an active cognizance of this initiative and applauded on his social media handles. Our tweet about this initiative has had more than 60,000 impressions till date. Inspired by all the motivation, JECRC University has committed itself towards manufacturing of 5000 more face shields to be handed over to hospitals from Delhi NCR.

Online Ideathon at JECRC University
JECRC Incubation Centre conducted an Online Ideathon for students around the #COVID19 pandemic. This competition was also open for participants from other schools & colleges. As the world awaits the economic implications of this disaster, several opportunities are arising in specific industries and many of the companies in these fields are experiencing unprecedented growth. Signifying this opportunity we invited startups ideas around these growing industries. Students were asked to formulate ideas around the following:

1. Lifestyles of Health and Sustainability (LOWAH) and Wellness
2. Gravity defies with a twist
3. Online education and remote learning
4. Remote Work / Work from home
5. Entertainment (Gaming and e-sporting)
6. Solutions to fight with Covid 19

The Evaluation of the ideas received was done by a dedicated team of Entrepreneurs and Industry Experts. Top three teams were awarded with cash prizes. More than 200 registrations from different colleges and schools across the nation were received for this competition.

JECRC for PM Carex Fund
On the massive appeal of Hon’ble Prime Minister Shri Narendra Modi, the nation came together in support of ‘PM CARES Fund’. JECRC Family took the onus to motivate our staff, students & stake holders to raise a campaign where we recognised the donors on our social media pages. With the thought that no contribution is too small, this campaign motivated more than 100 members of JECRC Family to come forward and donate to the PM Carex Fund. Once again JECRC proved that it CARES.

India’s First Ever Rotation at JECRC University
In these times of social isolation and distancing, JECRC University has come up with exciting challenges for its students, one of which is a boot making competition called Bootathon. As majority of our students are not certified in Robotic Process Automation we are gradually planning to use bots to perform routine and day to day tasks of our offices. Problem statements were consolidated from different departments and given to participating students. Participants were allowed to make use of any of the 100 platforms - Automation Framework, Blue Prism or UPshift. As many as 150 problem statements were floated and first round of online judging was conducted on 25th April. The second round will take place next week.

First Educational Institute to Create On Campus Quarantine Centre
JECRC University has become the first educational institute in Rajasthan to offer its on-campus residential students to the government of Rajasthan for creation of a quarantine centre for COVID19 patients. Our hostels have been handed over to the health ministry and a quarantine centre of 100 beds has been set up in them. A team of doctors, paramedics and sanitization workers has also been deputed. JECRC University understands the enormous task that the establishment faces and has resolved to play its due part in helping the administration fight this battle.

Alumni-Student Interactive Session
In this time of social isolation, limited resources and economic struggle, it is highly important that every student strives to use this time for productively and invest their time and energy in self-development. With this objective JECRC Alumni Cell is running an Alumni-Student interaction series intending to virtually connect our alumni with current students. Each virtual learning sessions improve students’ capability & prepare them for future challenges making them industry ready. Our alumni are industry experts and global technocrats who share their industry knowledge, experience, insights & advice with our students as the world economy faces an uncertain future. A total of 35 sessions have been planned in this series the first phase of which has concluded with alumni coming from various parts of the globe like UK and USA, the next phase has more such sessions in the pipeline.

Building Our World
As the #COVID19 pandemic set its foot in India in the early days of March, the social service initiative of JECRC, Abhutayya realised the seriousness of the situation and a door to door campaign in the villages adopted by JECRC. These villages form the centre of our campaign and are populated with a very poor and underserved geographies. In this campaign students tried to aware the locals with importance of personal hygiene, social distancing and safe practices to avoid catching the virus. They also distributed masks & sanitizers to these family to help them cope with the incoming disaster.

Ration Delivery App for Government of Rajasthan
As Rajasthan became one of the most highly infected states in India more and more areas of the state were converted into containment zones leading to complete isolation of the people in these areas. As hotspots grow, the responsibility of the government to provide essential supplies to the people in such areas also increased. To help the disaster management, relief & civil defence department of government of Rajasthan students of JECRC are developing an app that would facilitate the distribution of essential goods to designated hotspots. Through this app people will be able to share their location and requirements with the competent authorities who will then deliver the goods at that location. The app is in testing phase right now and should be available within a week.
Events & Workshops

- The ECE department conducted a workshop on Virtual Lab Software. This workshop was imparted by Mr. Ashish Ranjan and Mr. Rajat Kumar Jha of Virtual Labs.
- An informative seminar was conducted on 16th July by ECE Department. It was presented by Mr. Arun Seth of IoE and Endeavour Careers Pvt. Ltd. Speaker briefed the audience about the functioning of business schools in India and opportunities of higher studies abroad.
- Articon 2.0 is an online art competition which was organized by Team Arahni in July 2019. In this 500 entries were recorded and winners were awarded cash prizes.
- A cleanliness drive was organized in collaboration with the NGO Green Dream Foundation at the iconic Man-Sagar Lake Jat Mahal on 21 July 2019.
- On 27th, Aug 2019 Mr. Keeshav Sarthya (Senior faculty member, Engineer’s Academy, Jaipur) conducted guest lectures on electric circuit analysis and network theorem for Electrical Department.
- A Guest lecture was organized by Mechanical Department for the students of 9th semester on 27th, August regarding applications of fluid dynamics and its role in the industry.
- jecrc conducted a workshop on Designing of Aeromodelling from 19th August to 6th September on the latest technologies to make students industry-ready. This workshop was held in the aeromodelling lab.
- A poster exhibition on “Science and Technology” was held in the library on 23rd December 2019.
- A national level poetry competition BOL 2.0 was organized in September 2019. In this, the winners were awarded a cash prize of 20K.
- Department of Computer Science organized 2nd National Conference on Contemporary Issues on Computers Technology (NCCT 2020).
- Mr. Kartikay Jaiswal, M.D. of Seldom India and Mr. Ajay Sain (senior instructor and full-time faculty) conducted a workshop on Industrial Automation for students of core branches.
- On the occasion of “International Day of the Girl Child,” a roadshow was organized by Sahasri, a social service group of JECRC on 13th, October at Albert Hall, Jaipur to raise the awareness of gender inequality.
- Vastra samana, the iconic event of SOCH group was organized on 19th October in which about 4027 units of clothes were collected in 3 days and were distributed to the workers of nearby slums. A large number of units were also sent to help the victims of Bihar floods.
- Team JCRC MUN conducted a workshop in Vyas senior secondary school for underprivileged children on spoken English and leadership on 24th, November in which they explained the importance of leadership skills.
- Team Arahni organized phase I at Jaipur level and phase II at the state level of an open mic event in collaboration with a poet’s startup Tape a Tale. In which a storyteller Mr. Amarendra Singh, Co-founder, November & TEDx speaker Mr. Rupali Khanna and TEDx speaker RJ H affiliate were judges.
- In February an online activity “Think of it” was conducted by JECRC in which a set of riddles were posted where students used their logic ability to solve the riddles.
- The department of Computer Science organized a one-day workshop on “Python with Machine Learning.” In the workshop, students learned various aspects of Python with machine learning, including the features of Python programming languages.
- CPR Seminar was organized for the college students in the month of January 2020 to make the students of JECRC, “CPR Trained”. The doctors of Apex Hospital tutored the students.
- An invited talk was conducted on 8th January by ECE department on the topic of “How to memorize faster and retain it for a longer duration”. It was imparted by the world record holder Mr. Jitendra Tiwari of Made Easy Education Pvt. Ltd.
- One day workshop was organized by the department of Computer Science on “Machine Learning & Data Science.” In the workshop, students learned various aspects of Machine Learning.
- Old Age Home visit was organized to energize and cheer up the elderly souls. Ashrayen: The Life Savours planned a visit on Republic day 2020 to Shri Ram Madrih Asanam.
- Team Zararat visited the Regional Science Centre and Science Park with underprivileged kids for them to explore and learn about the wonders of Science and Technology.
- Team Arahni organized an online pre-lim round in January for the Open Mic Event of a Cultural Fest VACITY 20 of LNMUT, Jaipur.
- An invited talk was conducted on 23rd January by ECE department on “Career Opportunities for an Engineering Graduate”. It was given by Mr. Dwijendra Singh, founder of IMS Education Pvt. Ltd.
- JECRC MUN conducted a session on MUN awareness in children’s academy on 14th, February and explained what Model UN is and how participating in Model UN helps in improving many skills.
- In association with Techno Era India, ECE department organized a one-day workshop on “IoT Enabled Efficient Energy Systems” on 19th February.
- A one-day workshop was held on “Applications of Machine Learning” on 24th February in association with CyberCure Technologies.
- A two-day workshop was organized on “Ethical Hacking” on 4th & 5th March in association with CyberCure Technologies.
- In the month of April, an online activity “RECYCLE TO FABRICATE” was organized in which students were given an opportunity to showcase their creativity and passion for any novel, series or a movie by molding it according to their whim.
Achievements

Students & Staff

- 1 year CSE students Duyesh Gupta, Ayushij Agarwal, and ECE student Samiksha Mathur from team Hackoverflow received the award for the best non-technical team at the national level for documenting the NASA space app challenge 2019 held in Dehradun.

- Satvik Sain from ME 1 year stood 3rd in a National event of poetry named Samadhat Pratiyogita held by Samajik Yuva Sangathan Samsthap.

- Saakshi Goswami 1 year ECE achieved 1st position in a poetry competition at IT Jodhpur and 2nd position in a poetry competition at Manipal University.

- Team FinF stood 3rd in the street play competition of Xuberance 2019 at IIS University, Jaipur and 1st in the street play competition ‘Loknam’ in Pravat 2020 cultural fest of SKIT Jaipur.

- Ishita Gupta from 1 year secured 2nd position in Vedshika inter-college dance competition at Maharani College and 1st position in Birla State Inter-college fest of IITM academy.

- 1 year student Kamalpreet Singh secured 3rd position in District level tennis competition at Kota.

- Ishan Goel, Divya Jindal, Devesh Garg, and Chinmay Jain members of team Stark Hackers from the first year participated in JU Rhythm in a non-technical event of Ad-venture and became the first runner up.

- Anubh Shukla, Prabal Jain, Priyanka Joshi, Channu Khawal, Bhikshir Kumar Jha, Priyanshu Kumar Gangwal from ECE department were selected for the Grand Finale of Smart India Hackathon 2019 (SIH-2019) Hardware Edition and stood as a Runner-Up at IT Dehradun.

- 3 year Civil student Karthik Nair secured 3rd position in the Open Mic competition at Pravat 2020 cultural event of SKIT, Jaipur.

- Abhimanyu Shekhar was announced as the winner of 2000USD from Consensus Labs Relays for his project that can change the blockchain sphere.

- Abhimanyu Shekhar was declared as the scholar on behalf of the Linus Foundation for Hyperledger Global Forum 2020.

- Abhimanyu Shekhar and his team have won 2000 USD for making flutter based client for ethereum layer 2 Matic.

- Our Alumnus Mr. Mihir Panchal along with our faculty Dr. Monish Sivanthi won “RESEARCH PEACE AWARD 2019” on 15th August for excellence in "Six Sigma: Green belt & Black belt" by RULA Awards.

- Team Moveriders secured 14th rank all over India and 1st in Rajasthan in SAE BAJA Virtual, 2019, a national GOKART competition.

- Ayushi from I year presented a research paper on virtual reality and human life - perspectives, challenges and solution at Advanced Study Centre, Department of Philosophy, Rajasthan University.

- Dr. Sanjay Gaur, HOD CSE was invited by Department of Mathematics Computer & Information Science of Central University Himachal Pradesh for keynote in their National Seminar entitled "Analytical aspects of Dynamics".

- Dr. Sandeep Vyas, HOD ECE, Associate Professor has published his research paper “Photonic Crystal-Based All-Optical Half Adder with High Contrast Ratio” in Journal of Optical Communications (ISISS 2191-6322, ISSN 0173-4911).

- ENIGMA, our dance group, participated in the cultural fest of Gyan Vihar College and POORNIMA UNIVERSITY (2019-20) and got the first position.

- Our student Nishant stood 2nd in a solo dance competition at Amity University.

- Dr. Sanjay Gaur and Mr. Abhishek Dixit jointly received Award of Appreciation from AICTE. This award was given in reference of AICTE Internships program; they secured 67th position all over India and first position in Rajasthan.

- Professor Dr. Ashok Singh has received the “Award of Honour” for contribution in the field of Science and Technology by Samajik Vikas Samsthan, Meerut.

- Team Zanzarit have registered themselves in the Lumcra Book of Records for assembling 24624 origami flowers and making the largest origami flower basket depicting the National Flag.

- Team Xanadoides achieved 2nd position in CompuCorsi Clich in Technitian organised at IT Bombay and also got qualified for the finals at Techfest, IT Bombay.

- All three positions in battle bots at MNIT Jaipur were secured by Team Xanadoides.

- Team Xanadoides grabbed 2nd and 3rd position in Robo Rush at MNIT Jaipur.

- Vishal Gupta from Xanadoides club qualified for stage 2 in e-VRC organised by I-yafrica team IT Bombay.

- Concerned about the security of girls and their self-development, Team Sahasri in association with women power self-defense council, Police Commissioner Jaipur and Manav Seva trust provided a free self-Defence training for our female students which was held in JECRC foundation.

- On the occasion of International Women’s Day, Team Sahasri was invited by the Ministry of Women and Child Development. A play “UDAAN” was showcased by team among the masses which was supported and promoted by everyone.

- Bhavan Pratap Singh I year student Mechanical Department made a delivery based startup. It has been associated with MSME & started on July 19.

- Team JECRC MUN has participated and won the best delegation in IUGM’s 3rd edition held during IT Jodhpur annual fest IGNUS 2020. The team participated in two of their committees, i.e., UNHRD (United Nations Human Rights Council) and Lok-Sabha. As per their Committee points, Debating Skills and Behaviour during committee, JECRC won Best College Delegation.
Training and Placement

A Strong Foundation for a Brighter Future

With a strong industry connect, JECRC Foundation has a proven track record of conferring excellent campus placements and industrial training to the students in many reputed industries. JECRC builds a solid foundation in terms of knowledge and personality for its students to perform consistently and excel at every stage in their career. At the end of the sixth semester, students are sent to industries for industrial training of 60 days to get them hands-on experience of what awaits them in a professional environment. Along with this, specialized coaching sessions are conducted for a month to prepare students for the aptitude tests, group discussions and personal interviews.

JECRC has achieved a new height in its excellent track record of placement. We could attract top-notch IT companies etc., Accenture, Capgemini, Wipro, Infosys, Birlasoft, TATA Power Mindtree, TCS, Chegg India, IBM, Vodafone, BYJU’S, MTX, Pinnacle, etc. More than 70 companies have offered more than 1500+ offers out of which more than 9 companies have offered a package of more than INR 6 Lac. Around 60 students got Pre placements offer with package range of INR 7 Lac p.a. -10 Lacs p.a. The average and highest package rolled out are INR 4.5 Lac and INR 10 Lacs p.a. respectively, across the sectors like Research Software/Technology, IT/ITES, Manufacturing, Power & Energy, Aviation, Real Estate, Finance, Management, Product Development, Automotive, Academia, Hospitality and many more.

CORE Industries

This year again, JECRC has proven its worth by inviting giants from the Core Sector and made a different stand, as these companies mostly visit FTs and INR only.

Core Companies like Pinnacle, HG Infra, TATA Power, Asahi Glass India, QR Infrastructures, Vodafone, HCD Concrete, Rashyama housing, KDI Industries, Varro Solar etc have given our students once in a lifetime opportunity to shape their career.

Internship/Training Opportunities by College

JECRC is not only committed towards the best placements for its students but also, gives due importance to the internship and training vertical for the pre-final year students. Considering this fact, the JECRC Foundation, has taken another initiative this year by establishing a new cell that functions for bringing internships to pre-final year students. This vertical dedicatedly works for finding new internships opportunities for the students, bringing the best possible opportunities for its budding engineers. Soft Skill Training Specialized softskill classes, personal interviews and technical sessions are organized to prepare students for campus placements. A dedicated faculty has been separately assigned the intrinsic task of developing communication skills right from the first semester. As a result, in the previous year almost all of our students got placed in reputed companies through campus placements.

Industry Specific Learning:

We provide our students training in PYTHON WITH MACHINE LEARNING, INTERNET OF THINGS, CYBER SECURITY, DIGITAL MARKETING, Robotics Process Automation and MACHINE LEARNING with DATA SCIENCE, SALESFORCE, ETHICAL HACKING. In addition to their regular curriculum to prepare them for the Industry. Many of our Pre-final year students have taken training with project and are getting certified in these areas. We encourage our students to learn problem solving skills by organizing Hackathon a problem solving competition and encouraging them to participate in Smart India Hackathon organized by MHRD every year and Smart Business Hackathon organized by RTU, Kota. Our college was center for two Ministries for Smart India Hackathon last year.

Outsourcing

The institution believes in holistic development of the students and avail all available resources towards the achievement of 100% placement. JECRC Management has taken a unique initiative of starting a vertical exclusively for placement of students with less than 60% marks and many backlogs. This group works for providing training, motivation and opportunities to students who face difficulties with campus placement. With the untiring efforts of this group about 150 students have been placed in good companies with an average package of INR 2.2 LPA and maximum package of INR 3.7 LPA.

Corporate Contest/Participation

JECRC students are regular participants in various contests organized by companies, from time to time. Some of them are national and state winners in which they have also won internships opportunities and job offers. JECRC has initiated a separate cell for these contests with 3 dedicated coordinators to enhance student’s interest, participation and to guide them for maximum learning.

- TCS Next Step Contest such as Code Vita, TCS NQT/NTU, Emindex, Testimony & DISQ: Around 160 students from JECRC Foundation were able to grab offers from these contests at high packages of up to 7 LPA.
- Infosys iTalky & Hackathlon: Around 11 students from JECRC Foundation have been selected at high packages of up to 9 LPA.
- Wipro Elite Contest: Around 100 from JECRC foundation have received Pre placement job offers. Based on college’s performance in the national talent hunt, they have included JECRC Foundation for Talentinitiative 2020. Wipro Talentinitiative is a unique initiative framed towards strengthening relationship with academia, aiming at overall enhancement in corporate readiness of the students. Over the last four years, the Talentinitiative has been well received by Academic Partners and has yielded good number of Wipro Certified Faculties ready to deploy candidates.

- LtT Technology: 3 students from JECRC Foundation were called to Mumbai, Corporate Office of LtT for Final Round of Presentation.
- Mindtree: Mindtree Osmosis Techie of the Year, 3 students was selected for the final round from around 10,000 plus participants across India. Osmosis is Mindtree’s most distinguished technology event. Over the last 11 years, Osmosis has been a platform for Mindtree Minds to showcase their technical capabilities, learn, share and innovate.
- Other Contest: Students of JECRC have also participated in other contests conducted by reputed companies like Accenture Hack Diva, Sapient, TATA Motors, Deloitte, SAP, Shell etc to showcase their innovation skills.
Our Corporate Collaborations

JEERC Foundation realized the changing technology dynamics in the industry, which is influenced by different factors like need of solutions for unexplored technical problems, changing characteristics of the social environment etc. As a next step, in order to empower our students with the latest & prevailing technological skills, we have collaborated with several industry leaders like Tech Mahindra, TCS, IBM, EC Council, ASSOCHAM, Xebia, Samrat, Automation Anywhere, UPpath, Adobe etc. Through these collaborations, we could not only get the industry experts on board, which is otherwise difficult to do for the education ecosystems, but also attained enhanced innovation through knowledge exchange.

**IBM** - The International Business Machines Corporation (IBM) is an American multinational technology company headquartered in Armonk, New York, with operations in over 170 countries. Through collaboration with IBM, which is the first of its kind in the country, our students have access to a wealth of resources on IBM’s Learning Management System, which contains knowledgebase on recent technologies like Cloud Computing, Big Data and Full Stack Development. We offer certification courses as well as integrated programs in association with IBM.

Tech Mahindra - JEERC University becomes the 1st University in India to join hands with Tech Mahindra for providing certifications in the domain of Machine Learning to the students. Tech Mahindra is offering three Bootcamp Certification Courses: Data Analytics, Machine Learning and Industry Machine Learning. Students are trained by industry experts and get certificates endorsed by Tech Mahindra on successful completion.

**EC Council, USA** - It is the world’s largest Defense Grade Cyber Security certification body in the domain of Cybersecurity. Under this partnership, our students can choose to undergo certifications from a bouquet of courses in the domain of Cyber Security and even acquire a complete 4-Year B.Tech program in Computer Science and Engineering with Specialization in Cyber Security in association with EC Council, USA. Instructors and official e-Courseware are provided by EC Council, USA. Bootcamps, Workshop and Cyber Competitions too come along as value additions.

Xebia - It is a Netherlands-based Agile Software Development and Digital Transformation Consulting and Services Company. Under the MoU with Xebia, JEERC University is offering B.Tech Programs in industry-relevant technologies like DevOps, Cloud Computing, Artificial Intelligence, Machine Learning, Big Data and Data Analytics in association with Xebia. The best part is that lectures shall be delivered by industry experts only and other benefits include Digital Badges, Hackathons, Webinars, Professional networking, Internships, Tech Talks.

Samrat Consulting Pvt Ltd - Under partnership with this IT Firm from Gurgaon headed by Mr. Vishal Jain (Alumnus of IIT-Kharagpur and BH Ahmedabad), we are offering different specialization programs of B.Tech, BCA, MCA, BBA and MBA in the domains of Data Science, Data Analytics and Data Visualization. Senior and experienced experts from Samrat, who hail from prestigious institutes like IITs and IIMs will come down to the University for taking classes of the specialized subjects and providing hands-on to the students.

Sunstone Education Technology Pvt. Ltd. - JEERC University offers India’s only Pay After Placement MBA program in association with Sunstone. Under this MoU signed in December 2019, Sunstone will not only provide placements by prominent industry experts and 9 months internship but also a proven assurance of 100% placements to the enrolled students.

Automation Anywhere - It is a global leader company in the domain of Robotic Process Automation (RPA) with a net valuation of 2.6 billion, headquartered in San Jose and a global presence in 35 countries. As a consequence of MoU with Automation Anywhere, we have become the first University in Rajasthan to set up a "Bot Lab" where our students can practise and develop running computer bots. Talent pool of more than 500 certified RPA students has been created, who have attained the Automation Anywhere’s Essentials RPA Certificate.

UPPath - UPPath, headquartered in New York, is a leading Robotic Process Automation vendor providing a complete software platform to automate business processes. As a technology partner, UPPath’s experts have trained 10 teachers of JEERC University in an educator workshop. JEERC University has become the pioneer to offer Robotic Process Automation as an elective subject, to make the students industry ready with the knowhow of this latest technology.

ICT Academy - It is an initiative of the Government of India in collaboration with the state Governments and Industries. ICT Academy is a not-for-profit society, the first of its kind, founded under the Public-Private Partnership (PPP) model that endeavors to train and develop the next generation of teachers and industry-ready students. Under the aegis of MoU, ICT Academy will organize Faculty Development Programs at JEERC University in association with industry leaders, industry experts in its Board of Studies and also establish Centers of Excellence of renowned corporates.

ASSOCHAM - The Associate Chamber of Commerce and Industry of India, ASSOCHAM represents the interests of traders, commerce, industry and service provider of India and acts as an interface between Government and Industry members on various and initiatives of policy and regulation matters. JEERC University has entered into an MoU with ASSOCHAM to strengthen the Intellectual Property (IP) ecosystem at the institute. Designated speakers from ASSOCHAM will enhance the knoledge of IP Rights through their expert seminars at the University.

Adobe - It is an American multinational computer software company which has historically focused upon the creation of multimedia and creativity software products, with a more recent foray towards digital marketing software. JEERC University has partnered with Adobe under its Digital Disha Program to provide the students with Artificial Intelligence platform ADOBE Sensei and free ADOBE Spark Licenses for everyone.
The JECRC Advantage

JEDEC Makerspace

"If you can imagine, you can create." JEDEC MAKERSPACE is a place for students who show interest in hearing and working with electronic hardware. Makerspace focuses on providing a semi-formal environment where students can work together irrespective of their course of study. The main domains are digital circuits, robotics and 3D printing.

IAESTE LC JEDEC
IAESTE is an independent, non-profit, non-political and non-governmental international association that deals with the exchange of students for technical experience. Student pursuing technical education (particularly in science, engineering and the applied arts) are provided with opportunities to apply for paid, course-related, training abroad. With over 80 countries involved and exchanging over 7,000 job offers per year worldwide, it is the largest organization of its kind in the world, affecting around 33,000 students since its inception. IAESTE provides students with an opportunity to gain relevant technical training that lasts from 4 to 52 weeks. IAESTE India LC JEDEC is the flagships student exchange programme of JEDEC Foundation running from the past 4 years. 18 date 149 of our students have benefitted through the exchange programs at IAESTE JEDEC.

Cultural Fest - Renaissance
The national level techno cultural fest of JEDEC, Renaissance has made a niche for itself among all colleges in the region. It is the second largest college fest of Rajasthan organized every year in March and witnesses a footfall of more than 6,000 students from top colleges from across the country. Renaissance provides a veritable platform for all students to learn and explore the various dimensions of their personality and showcase their talent. It invites students from all across the globe to put their inimitability, ingenuity and audacity to test. Our flagship events like Adha(Fashion Show), Bootstrapping(Choreo Night) & Ribo War are much talked about properties in the college circuit of the region. Renaissance also provides unmatched learning and exposure to the organizing team of students in the form of team work, pressure handling and product sale and promotion. This year all robotics events in Renaissance were conducted using poly carbonate sheet and steel base which was done for the first time in Rajasthan. In past we have witnessed notable celebrities visit our college during Renaissance. Lt. Jagjit Singh, Shubha Mudigere, Euphoria, Javed Ali, Grammy Award Winner Pit. Vishnu Mohan Bhart, Nobel Laureate Mr. Kailash Satyarthi, Rastri Kapoor, Abhishek Bachchan are a few of such esteemed names.

Student clubs at JEDEC
At JEDEC we believe in the holistic grooming of our students and hence we stress equal emphasis on round the year extracurricular activities which are facilitated through the various active student clubs at JEDEC.
For students inclined towards social services we have clubs like Zusrat, SDCH, Ashtayan and Suzhais that are doing commendable job in enriching lives of the underprivileged sections of the society. We have two dance clubs Emaaga & Khalsaas, dramatics club Face & Footlight, fine arts club, Atranz, the official college magazine Mag, photography club Fotographiks, robotics club Kanawada, mechatronics club Moonriders and many more such clubs providing opportunity to nurture talent of young minds.

Model United Nations
Established in 2012, JEDEC MUN is the most widely acclaimed platform for the development of diplomatic and leadership skills in Rajasthan. Conducted annually, this legacy has been consistently improving and enhancing to provide the best debating environment to delegate from all across the country and spreading its wings over international boundaries. In the eighth edition of 2019, seven different committees were simulated that witnessed overwhelming participation. The collaboration from UNC unified the worth of our fraternities. The delighted delegates and contented members were the testimony to the grandeur of the conference. We were graced by the esteemed presence of Dr. Jawahar Garvetti, a renowned psychologist and TED Speaker, and Ms Hari Chandana Dasari, a young and dynamic civil servant. In earlier conferences, the stage of JEDEC MUN has witnessed the glorious presence of personalities like Shri Mani Shankar Aiyer, a former Indian diplomat and Shri Arvind, International speaker. The success of this eighth edition of the conference marked JEDEC MUN as the supreme leader of the circuits of the region. 6 committees namely GA/DSIC, UNSC, UNHRC, Lok Sabha, and Emergency Prime Minister's Meet along with International Press were simulated.

J-Techstar
"Necessity is the mother of all inventions." Taking inspiration from these words, the students of JEDEC Foundation, Jaipur developed scientific and technological projects, finding their application in various fields which proves the calibre of JEDECians not only in theoretical but also practical experiences of life. All this occurred during the fourth edition of J-Techstar, conceived in 2016. Carrying forward the legacy, J-Techstar 2019 was inaugurated by Arpit Agarwal, Director, JEDEC Foundation, Dr. V.K. Chandna, Principal JEDEC, Dr. Ruch Mathur, Dean First year & the esteemed dignitaries of the Foundation. With the huge participation of approx 325 students and 150 projects, the campus witnessed many great ideas that can change the future of technology. Various models, both static and dynamic was presented from different branches of Computer Science and Electronics, Information Technology, Electronics Communication, Civil Engineering, Electrical and Mechanical Engineering. The participants presented and explained the projects on efficient power usage, administrative websites for government use, engineering models for bridges, robotics etc.

JEDEC-RTB (Rural Technology Business Incubator)
JEDEC's Rural Technology Business Incubator (RTBI) is under a registered not-for-profit society (Society for Transforming Engineering Education). Established as a formal business incubator with the inception support of the Department of Science and Technology (DST), Rajasthan, the aim of RTBI is to support rural and social inclusive start-ups, primarily those that enable scalable products and services for the under-served and bottom-of-the-pyramid segment. Its mission is to transform job seekers into job providers through engineering education. It shall provide basic business amenities and support required by the new startups to survive and thrive in their initial growth phase. Incubates are selected on the basis of feasibility and innovation, a business idea. Engineering undergraduates, graduates, faculty members and even functional startups are eligible for availing incubation and business support services from the RTBI.
Learning beyond Curriculum @ JECRC

The fast-paced growth being witnessed in the Indian economy and the rapidly changing face of Corporate India has necessitated deep and abiding changes in the nature and method of education. The Learning Beyond Curriculum is a strategic initiative undertaken by JECRC to integrate various facets of industry experiences into the curriculum. As a part of this initiative, experts of various technologies, currently relevant to industries, are invited to inculcate their skills within our students. This not only helps students to take their learning out from the classroom but also increases their employability quotient by mentoring them to have an application and performance driven mindset, critical for building a successful corporate career today.

Salesforce Training Module
Salesforce Training module was conducted at JECRC from 17th January to 23rd March 2018. This module that ran for more than two months trained students on 5 modules viz. Introduction, Customer Relationship Management, Administration and Development & Lightning. A large number of students were trained in this duration. The module has been beneficial in improving the technical knowledge of our students in the fields of informational organization, CRM for enhanced communication, automation of everyday tasks, improved analytical data and reporting. On completion of this training the students were handed out salesforce badges and salesforce super badges.

Embedded & Robotics Design Training
Embedded & Robotics Design Training was conducted at JECRC in collaboration with Sakroboite Research & Startup Centre from 19th January to 29th January 2018. A large number of students from the departments of Electronics & Communication Engineering & Electrical Engineering participated in the training. On successful completion the students received certification from Sakroboite and Eli Bhuvaneshwar. The students were trained on electronic hardware interfacing and IOT, microcontrollers functioning and architecture. Level 2 training will start in next phase next year with updated and higher technologies syllabus like (Raspberry Pi, Arduino, ARM processor and IOT etc.).

Forsk Technologies
JECRC has signed MoU with FORsk Technology. The objective of this MOU is to bring industry approach of solution development and product engineering to engineering candidates through project based learning through project based learning backed by data and technology. Project based learning is a dynamic classroom approach in which students actively explore real-world problems and challenges and acquire a deeper knowledge, FORsk will offer project based learning in IoT (Internet of Things) and Machine Learning (Data Science) to JECRC students.

Techelephant
During this training students would be trained in Embedded Systems & Robotics and they would be also aware about IoT technology. The detailed contents will be covered during a two month program. After completion of this training, students would be prepared to design Voice Control Robot, Spy Robot Gesture Controlled Wheel chair, GSM Based Notice Board, MultiLayer Security System, SMART Home Automation System (Voice, Remote, Smart Pencils, Internet etc) RFID based Attendance System using Local Database, Morse Robo, Grid Control Robo, Line Follower Robo, Password access. It will help them in grabbing various job opportunities in MNCs.

CADD Software
JECRC in collaboration with CADD CENTRE under National Skill Development Corporation (NSDC), Ministry of Skills set up by Govt. of India, offers affordable CAD (Auto Cad/Solid works/ANSYS) training for individuals. As CADD CENTRE is a reputable providers of CAD skills training, will teach students to develop genuine CAD skills which will be appreciated by employers. Students will know how to simulate and validate the performance of products of all manufacturing sectors including automotive and to simulate every structural aspect, including linear static analysis of a single part of a complex assembly with hundreds of components interacting through contacts or relative motions.

Linux by Red Hat
JECRC has organized training on Linux by Red Hat which itself is a renowned name in the field of IT Sector. Red Hat has started RHCSA free of cost training program in which various students of CSE, IT, ECE and EE have participated. RHCSA is an entry-level certification that focuses on actual competencies at system administration, including installation and configuration of a Red Hat Enterprise Linux system and attach it to a live network running network services. After completion of training students will get prepared for RHCSA (Red Hat Certified System Administrator) Exam and after this exam they will be RHCSA certified which will help them in grabbing various job opportunities.

Robotics Process Automation Training
JECRC Foundation has become the first educational group in the country to have more than 500 students certified in the Robotics Process Automation Essential program. Training program is conducted for students at JECRC by our expert faculty members to give them practical knowledge along with theoretical aspects about the Robotics process automation course. This helped students to crack the certification exam of RPA issued by Automation Anywhere. This 15 day training program is the outcome of our collaboration with Automation Anywhere, an established name in the field of Robotics Process Automation with offices in more than 25 countries. Together we have also established Rajasthan’s first Bot Laboratory (Centre of Excellence) at JECRC. There are only 70 such bot labs all over the world. As a part of our future ready initiative more such beyond curriculum technical skills are being imparted to students to amplify their prospects in upcoming recruitment drives.
Abhyudaya
Social Face of JECRC

At JECRC Foundation, we believe the growth of the nation is deeply intertwined with the growth of all sections of the society. It is the youth of the nation who forms the most important stake of any society. For the growth of the society, it is the moral duty of every student to gather wisdom and knowledge and pass it on to the less privileged members of society. These groups actively involve more than 1000 students of JECRC and have revolutionized their perspective towards the most fundamental issue facing this country’s society. These groups cater to the needs of the less fortunate sections of the society by providing them with free education, medical care, infrastructure and other resources. Over the last 8 years, these groups have touched the lives of more than 250000 persons in need, from the kids of slum dwellers or senior citizens of old age homes or blood donation for patients or cleanliness & sanitation training for villagers.

Subhasri:
Emerging with life’s mentor’s vision and mission to make a better place for girls to live in, the students of JECRC laid the foundation of SUBHASRI on 24th January 2015 (National Girl Child Day). Since its formation, the group is working actively and dedicatedly for the cause “BETI BACHAO, BETI PADHO.” To bring a change in the society for girls, Subhasri works in various domains and does survey and elimination of problems at villages through regular monitoring. The members make door-to-door visits to know the basic roots of the problem, in which sex ratio, information of school going children and their ratio, etc. all are collected. Then a proper plan is designed for tackling the problem. This includes helping families complete their documentation, getting children admitted to schools and helping them develop various other skills. The team visits localities and schools of these areas on a daily basis.

Subhasri also organizes “Story behind Red”, an awareness campaign for mental health and hygiene wherein girls are educated about the importance of maintaining hygiene during menstruation which is conducted in various government schools and villages. The team also organizes timely celebration on International Women’s day. National Girl Child day. International day of Girl Child at college campus as well as in city areas and has performed Nukkad Natka at various places like Shree Ramji Mandir, Jampeth, Gourmari, Ramji Mandir, Bari, and Albert Hall. More than 10000 people have been addressed so far by these social awareness campaigns. The team is also very active on social media and organizes social media campaigns like Selfi with girl child, My Strength, Dream Can, She Will Achieve etc. In the journey so far, Subhasri has succeeded in connecting people from villages and city like Bhiwadi, Balsi, Shree Ramji Mandir, Bari, and Albert Hall. More than 200 girls have been connected to the educational mainstream. Subhasri doesn’t only serve the women; it serves the ones who build societies for humanity to dwell in.

Zurant:
Zurant is a student’s organization, working in the direction to provide elementary education free of cost to the underprivileged children living in the nearby slum areas of JECRC, Jaipur. The motto of Zurant is to not just impart elementary education to slum children but also to introduce them to the modern world of learning in a way that every child should have. Zurant focuses on imparting a healthy and sound development of those children who are deprived of the same. Zurant started with 60 students from the slum areas and has grown to more than 220 students. The team disburses clothes, stationary, food items and other essentials to the children at regular intervals to help them continue with their studies.

Zurant has been organizing an annual event “Zurant Celebrating Excellence” for children of different NGOs of Jaipur since last 9 years. Around 300 children are a part of this gala event which gives them a day that is full of joy and happiness.

SOCCH:
SOCCH (Sahc ki darshane ki) is the Social Congregation of JECRC that works predominantly along the lines of social, climatic interest of society. From planting hundreds of saplings in and out of the campus to cleanliness drives, from visiting orphanages to organizing incredible charity donation camps, this quintessential enterprise has done it all. The QR code scanners located all across the campus for reporting garbage areas have made a significant impact in maintaining the cleanliness around the campus. In the past few sessions, the growth of this noble group has been unprecedented. Through weekly fliers and organized social media campaigns laid across several important issues, the social initiative has grown from strength to strength. With climate change being such a relevant issue across the world, the group well and truly understands it’s responsibility and has been at the helm of spreading awareness and working day and night in order to keep the society informed and safe.

Live Blood Donation Initiative - Aadyaan:
Aadyaan is a student initiative of JECRC that works 24/7 to meet the blood requirements of families in distress. These students are available round the clock for live blood and platelets transfusion and have saved lives of over a hundred patients suffering from diseases when the city was hit by this deadly disease. In emergency cases, these students rush to different hospitals across Jaipur city and donate blood to the needy. Aadyaan also organizes annual blood donation camp. With the ongoing support of the inspiring donors, more than 1500 lives have been saved by live SDP transfusion and by collecting 16,637 units of blood in past 13 years under the wings of JECRC Foundation.

Paribaat:
Paribaat, was born on 8th September, 2013 with a vision of creating a ‘Global Civil Society’. Just like its name, Paribaat is a unique group with the aim to use technology for upliftment of marginalized groups of our society. It has an entirely novel concept of Social Building and aims to erase the ignorance breeding in the minds of the masses and mold them into sensitive and compassionate human. Paribaat nourishes the soul with excellent literary and art works of classic writers and artists. The students are not only motivated to develop taste for good music, literature and philosophy but also organize meetings and discussions to provoke their thought processes for the social change.
JECRC Alumni Association
WHEREVER YOU ARE, JECRC STAYS WITH YOU.

The JECRC Alumni Association connects alumni to each other and to their alma mater. A dedicated staff, partners with alumni to create and foster these relationships, through events, programs, reunions, mentorship, alumni sessions, lifelong learning opportunities, service, and through collaborations with alumni on various headliner events. Once you enter at JECRC, you are already eligible for joining JECRC Alumni Association & then you’re part of the JECRC Alumni community.

Overview
JECRC’s alumni work is a dazzling kaleidoscope, the result of simple strategies for engagement & well-built relations with the alumni & to stay connected with them in whatever part of the country & world they live. With our alumni, our strength and global reach go unmatched. JECRC alumni community is 12,000+ and counting. The top 5 countries outside India where JECRC Alumni reside are US, Australia, Germany, Canada, UAE. They have made their homes in 30 countries and represent 20+ years of diversity, culture, and history. Every day, our alumni play a key role in championing JECRC’s values, vision, ventures and ensuring business acts as a force for good in the world in a wide spectrum of industries, such as Management Consulting, Technology, Finance, Real Estate, Media, Manufacturing, IT, Telecom, Automobile, Energy, and Healthcare. More than 200 alumni are running their own entrepreneurial ventures or family businesses in India & abroad.

JECRC Alumni holds top-level positions in many leading companies of the world such as Cisco, Adobe, Microsoft, Google, Amazon, Oracle, Dell, Samsung, Apple, SAP Labs, Infib, Cognizant, LinkedIn, Navy, Indian Army, Civil Services, Fidelity Investments, HSBC, Ernst and Young, Deloitte, IBM, Accenture, HP, TCS, Alcatel Lucent, Royal Bank Of Scotland, Daikin, Fluor & many more companies located in India & around the globe.

Activities @ JECRC

Sports
Students of JECRC have participated in curricular, co-curricular and extracurricular competitions organized by other institutions and won several prizes. Sport competitions are organized under the supervision of qualified sport officers. A good number of girls have bagged first prizes (shields and trophies) at other institutes in face of very tough competitions. We have ample of facilities for indoor & outdoor sports. Special self-defense classes have been initiated for female students where they are taught the art of Karate by a black belt holder in Shotokan Karate.

Joy of Giving
"Joy of Giving Week" is an observance of giving and spreading love. Encouraged in the midst of joy, the Joy of Giving Week is celebrated fondly all across the country in the first week of October. JECRC Foundation celebrated the Joy of Giving Week - 2019 from 29th September to 5th October. The student members of Zaturu - The Help Beyond, a group working to educate children of underprivileged part of the society, took a step ahead to bring smiles on the faces of children by giving goodies to them. The festival was a joyride, experiencing a massive participation from students and faculty members alike.

Clean & Green Campus Drive

In pursuance of the Hon’ble Prime Minister’s directive, our college has been organizing awareness programs for Swachh Bharat Abhiyan as well as Har Har Dweep. The students and staff take part in periodic tree plantation, campus cleaning drive and also perform Nukkad Natak that depict the vitality of cleanliness in our lives. Many dignitaries have visited our campus and appreciated our efforts for this cause.
Extended Facilities & Accomplishments

Aura Research Lab
JEGERC has set up an aura research lab in association with the Department of Science & Technology under the project 'Validation and Scientific basis of meditation & omnics to cure various diseases and their role as therapeutic targets.' The objectives of this lab are to prove that meditation involves neurophysiological processes and has a long-term impact on the brain and to validate meditation and omnics as a scientific tool & to cure Sleeping Disorder/Diabetes/Blood Pressure through meditation. Two junior research fellows have been exclusively appointed to carry out this project. This lab has been established by studying the facilities at similar labs in Global Hospital & Research Centre, Mount Abu and MIT, Pune. "The lab conducts health and well-being check-up camps by inviting specialists from the field."

Women Cell
A seven-member women cell has been formed to look after the security and grievances of female staff and students as well as to work towards gender sensitisation under the guidance of Vice Chairman, JEGERC. This cell has been established as per the guidelines and instructions of AICTE, Govt. of India and RTU. This cell organises informal talks, personal counselling, general interactions and lectures.

Gyani-The Humanoid Robot
Gyani is a humanoid robot developed by the students of JEGERC Foundation. This robot has been developed by the team comprising of eight members: Keshav Jangid, Rakesh Parmar, Naman Sharma, Priyanshi Khendalwalla, Aditya Surendra, Rajat Arora, Jatin Sharma, Komal Sharma. These students under the guidance of Dr. Banka Srivastava, their faculty mentor, worked tirelessly for the past six months to come up with a full scale robot that has been created using the most efficient software and hardware platforms. Gyani is based on Raspberry Pi and is capable of face recognition through its dual HD camera. It is a Bluetooth controlled and has Omni directional wheels. Gyani is a repository of information and can prove very handy as a single point of contact that can disburse critical & reliable information to visitors at public places like railway station, hospitals, educational organizations and malls. Because of its multidimensional functionalities, Gyani was also featured by the News 18 channel. Gyani is a stepping stone and research is on to develop more sophisticated versions of it.

Statutory Compliances

Scholarships
As per circular No. F. I-27/2009 (SC) dated February 2013, issued by the University Grants Commission (UGC), New Delhi, all eligible SC/ST, OBC, PwD, students should submit their scholarship form for the academic year by February for processing of scholarship to SC/ST, OBC, PwD students each year.

On Campus Electronic Surveillance
CCTV Cameras have been installed at various strategic points in the campus which record all the activities in the campus on a 24*7 basis. This has been done to ensure greater safety and protection of our students and staff and to also assist in the general administration of the institution.

Anti-Ragging
As per guidelines issued by the Hon'ble Supreme Court of India, an 'Anti-Ragging Committee' has been formed at the college and this high-powered committee functions under the chairmanship of the Vice Chairman, JEGERC. Any student found guilty of ragging is liable to face severe punishment, which may include being debarred from lectures and examinations, exclusion, rustication and fine. Any complaint of ragging will also be lodged with the police. However, with collective efforts of the faculty, management directives and support of our students, no incidents of ragging has been reported in recent years at the campus. The JEGERC campus therefore is ragging-free.

Smoking-Free and Tobacco-Free Campus
As per recent communication (copy of D.O. No. 1/9/2006 (CPP-II) dated April 3, 2013) received from the Ministry of HRD through the University Grants Commission and Rajasthan Technical University, Kota, the campuses of all educational institutions have to be SMOKING FREE and TOBACCO FREE. Accordingly, use of cigarettes and other tobacco products is totally prohibited on the campus.

Grievances Redressal Committee
A special committee comprising of hostel wardens, senior faculty members and senior students residing in the hostel has been constituted with the Principal as the Chair to register and resolve day to day issues of students pertaining to amenities in the hostel and campus. This committee meets once every fortnight. The committee also carries out special surprise visits in hostels to ensure that all rules and regulations are duly followed.

Eligibility for admissions under LEEP is as directed by the Government of Rajasthan.

Remarks:
JECCR University, Jaipur is devoted to excellence in teaching, learning, research and to developing leaders in several disciplines who make a difference worldwide. The University, is based in Jaipur - the Capital city of Rajasthan. The campus located around the prime Industrial and Institutional hub of Jaipur combines unique classical architecture and thoughtful layout and landscaping to create a perfect learning ecosystem.

The University has a current enrollment of over 5,200 degree candidates, including undergraduate, post graduate, research scholars and professional students. The JECRC Foundation has more than 15,000 alumni around the world. The University is known for a strong research culture and having close industry linkages. The constituent institutes of JECRC Foundation, namely, JECRC & JECRC University have registered themselves in the chosen list of organizations that are accredited by NBA & NAAC, accredited bodies of MHRD, Government of India, respectively. It’s noteworthy that, JECRC University has achieved this feat in only its 7th year of inception. Also among the 76 Universities currently offering graduate and postgraduate courses in Rajasthan, JECRC University has become the 21st university to be accredited by NAAC. In the month of March 2019, JECRC also got accredited by NBA. This accreditation becomes all the more special considering that among all the colleges in Rajasthan, offering technical & management courses, only 11 have received this recognition.

The University offers degree courses at UG, PG and PhD levels, in disciplines of Engineering, IT and Software, Science, Business and Management, Hospitality & Hotel Management, Mass Communication & Journalism, Design, Agriculture and Law. The design of curriculum involves active participation of stakeholders and follows a systematic-curriculum-process and aims to enrich learning. The University follows the principle of promoting an outcome driven curriculum, which is aligned with the institutional vision of producing students with global competencies.

Global Outreach

The University has a Global Outreach Cell to meet the global challenges to work in collaboration with renowned Universities/ Institutions to train budding managers, scientists and engineers. The AICTE LC, JECRC has helped make 149 student exchanges in 29 countries.

Research Ecosystem:

JECRC Foundation has a strong Research Ecosystem with a portfolio of more than Rs. 10 Crore externally funded research projects which include grants received from Department of Science and Technology, Ministry of Electronics and IT, Department of Biotechnology, etc.

Trainings and Placement

JECRC Foundation has successfully hosted companies covering all the verticals such as Service Provider, Information Technology, Consulting, Product Design, Manufacturing, FMCG, Banking, Real Estate, Education, Management, Hospitality, Mass Media & Architect firms. Top firms like Accenture, TCS, Capgemini, IBM, Epsilon Steria, Mindtree, L&T Infotech, Tata Power, Deloitte, Vedanta, PWC, BYJU’s, E & Y, Infosys, Wipro, Birlasoft, Praxisde, Cure Fit, ZS Associates, Zeros Education, Emphasis, The Life, Crown Plaza, Rajdway Patolka, Dainik Bhaskar, India News, All Small Finance Bank, etc. are the prominent recruiters at the University. JECRC Foundation has hosted more than 755 Companies for Placements which offered 12,000+ jobs to its students. Over the last 08 years, students at JECRC University are blessed to have 100% Six-month Bachelors Internship of which 81% are Paid (Stipend based) Interns: its noteworthy that, 74% of the internships are converted into full time regular jobs, after completion of the degree. The University has close rapport with renowned industries / institutions, Wipro, ONGC, DQDO, etc. for internships.

2,1 students got internship with IBM. Stipend of INR 70K offered to the students for International Internship. Majority of the students stays in the University campus having state-of-art facilities including Air Conditioned Apartment styled Hostels with Pantry, Gym and Cafeterias. The various scholarships running under JECRC University are:

- School of Engineering and Technology
- School of Sciences
- School of Arts and Humanities
- School of Law
- School of Management
- School of Design
- School of Hotel Management
- School of Mass Communication.

All the schools conduct undergraduate, postgraduate and doctoral programs.
