Student curriculum feedback form 2020-21

Student's Curriculum Feedback Form 2020-21

Vision of Jaipur Engineering College and Research Centre:

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

Mission of Jaipur Engineering College and Research Centre:

M1. Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2. Identify, based on informed perception of Indian, regional and global needs, areas of focus and provide platform to gain knowledge and solutions.

M3. Offer opportunities for interaction between academia and industry.

M4. Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

Alumni feedback form 2020-21

Alumni Feedback Form

Dear Alumni,

JECRC is privileged to have you as one of its utmost assets and its global representative. Thus, your inputs would be most valuable. We would really appreciate if you can spare some of your valuable time to fill up the following questionnaire. Your answers would help your Alma Mater in making further improvements.

Vision of Jaipur Engineering College and Research Centre:

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

Mission of Jaipur Engineering College and Research Centre:

M1. Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2. Identify, based on informed perception of Indian, regional and global needs, areas of focus and provide platform to gain knowledge and solutions.

M3. Offer opportunities for interaction between academia and industry.

M4. Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

Program Outcomes

PO1: Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and computer science engineering specialization to the solution of complex computer science engineering problems. *

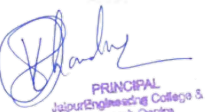

- 1 2 3 4 5
-

PO2: Problem analysis: Identify, formulate, research literature, and analyze complex computer science engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences. *

- 1 2 3 4 5
-

PO3: Design/development of solutions: Design solutions for complex computer science engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations. *

- 1 2 3 4 5
-

PRINCIPAL
Jaipur Engineering College &
Research Centre
Tonk Road, Jaipur-502002

PO4: Conduct investigations of complex problems: Use research-based knowledge and research methods including design of computer science engineering experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions. *

- 1 2 3 4 5
-

PO5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern computer science engineering and IT tools including prediction and modeling to complex computer science engineering activities with an understanding of the limitations. *

- 1 2 3 4 5
-

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional computer science engineering practice. *

- 1 2 3 4 5
-

PO7: Environment and sustainability: Understand the impact of the professional computer science engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development. *

- 1 2 3 4 5
-

PO8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the computer science engineering practice. *

- 1 2 3 4 5
-

PO9: Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings. *

- 1 2 3 4 5
-

PO10: Communication: Communicate effectively on complex computer science engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions. *

- 1 2 3 4 5
-

PO11: Project management and finance: Demonstrate knowledge and understanding of the computer science engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments. *

- 1 2 3 4 5
-

PRINCIPAL
Jalpur Engineering College &
Research Centre
Tonk Road, Jalpur-501002

PO-2: Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of computer science engineering change *

- 1 2 3 4 5

Employer feedback form 2020-21

Employer Feedback Form

Dear Sir/Madam,

JECRC is privileged to have you as one of its utmost esteemed recruiter. Many graduates of our institute are already serving in your organization. Thus, your inputs would be most valuable. We would really appreciate if you can spare some of your valuable time to fill up the following questionnaire. Your answers would help us to improve the Institute further and give you better employees in the future.

Regards
Placement Cell, JECRC

Are you willing to revisit again? *

- Yes
- No
- Maybe

How could our programs be improved? What specific comments do you have regarding the curriculum enrichment? *

Peer Learning can be enhanced among students. Like students getting placed at first go can mentor their batchmates and help pre final year students to be aware of the opportunities available with various organisations

Any Suggestion (s) you would like to make regarding Department/College: *

Excellent support from Training & Placement Department throughout the season. Campus Ambassadors of Batch 2021 from JECRC University doing good job.

This form was created inside of JECRC.

How could our programs be improved? What specific comments do you have regarding the curriculum enrichment? *

In Term of Technical knowledge every one is good but in terms of practical knowledge student need lots of improvement and in terms of unity in student also need lots of improvement.

One thing we personally suggest is ask student to upgrade there practical s^{...} rather than just grabbing theoretical knowledge.

Any Suggestion (s) you would like to make regarding Department/College: *

1. More Practical knowledge of theoretical part like which thing to which task and where they can implement them.
2. Team work

How could our programs be improved? What specific comments do you have regarding the curriculum enrichment? *

1. Need to include some BIM software training in the curriculum, as BIM industry is the fast growing industry in the world, it will improve the practical knowledge of students.
2. More dedicated communication programs not only for spoken speaking, it needs to include the public speaking and how can the student express his/her thoughts.

Any Suggestion (s) you would like to make regarding Department/College: *

Transition from college to professional life workshops need to be included in final sem. Students should know the basic professional ethics before joining any company.

Jaipur Engineering College & Research Centre, Jaipur

Subject: Corrective actions taken by the department for 2022 pass out Batch students after receiving the feedback from companies conducted recruitment drive for 2020-21 Batch.

Respected Sir,

Computer science department has taken the following corrective actions for 2020 pass out batch

1. Conducted sessions by industry experts on web development with Django, Machine learning with python.
2. Signed MoU with Coding Ninjas to enhance the learning process of students by providing a better learning management system, a progressive & competitive environment and industry required content to crack the placement in High Package product-based companies.
3. The department also conducted Pre placement training for the students from the experts from external agency FACE which includes aptitude classes & also Company specific training.
4. Department conducted technical classes, group discussions, technical interviews, HR interviews from the experts of the department and college.
5. Department conducted sessions from alumni & other industry experts to motivate and guide the students for placements.
6. As a part of MoU with CSRBOX, all the students were given access to learn various SPL courses and achieve certification & Badges on IBM SkillsBuild Platform.
7. Special training/mentoring sessions were conducted for the higher package companies like Amazon, Cloudera, HPE etc.

Subject: Corrective actions taken by the department for the batch of 2022 in accordance with the feedback from companies that conducted recruitment drives for the previous batch drive for 2020-2021 Batch.

Respected Sir,

The Department of Information Technology has taken the following actions:

1. Conducted sessions by industry experts on web development with django, machine learning, and python
2. Signed MoU with Coding Ninjas to elevate students' knowledge in an up-to-date learning management system and a competitive environment to obtain a high package in product-based companies
3. Conducted a pre-placement training by the experts from an external agency FACE, who prepared students for aptitude tests and placement-specific activities
4. Successfully held technical classes and interviews, group discussions, and HR interviews by the experts of the department and college
5. Organised sessions by alumni and other industry experts to motivate and guide students further with respect to placements
6. As a part of MoU with CSRBOX, provided students the access to learn certified SPL courses and earn badges on the IBM SkillsBuild Platform.
7. Conducted one-on-one specialized sessions so as to provide assistance for higher-package companies like Amazon, Cloudera, HPE, etc.

Subject- Corrective action taken by the ECE department for Batch 2022 passing out students after receiving the feedback of 2021 Batch students from placement cell.

Respected Sir,
The Department of Electronics and Communication Engineering has taken a following corrective actions for 2021 Batch passing out students

1. To maximize the selection from the department, following activities have been started in a VI Semester.
 - Students are motivated to be part of project based training on Machine learning and Artificial Intelligence conducted by the Department in association with Techiest Jaipur.
 - Students are motivated to build the different projects on latest technologies.
 - Students are motivated to complete the various online certification courses from Course Era, NPTEL, Swayam, Udemy, Infosys, TCS and IBM.
 - Students have been motivated to register in various competition Like Smart India Hackthone, Wipro Talent hunt, TCS Codevita, L and T Techgium and TCS Eginex to increase the technical and analytical skills of the students.
 - We have provided various Aptitude and technical questions asked during the recruitment drives of last five years.
 - Technical Classes on C, C++ and soft skills have been planned for students from 1st July 2021
 - Communication and Soft skill training is also planned for students in association with Training cell.
 - A mock interviews are planned during August 2021 for the upcoming placements.
2. The Department has planned the one month Campus recruitment training for all interested eligible students from 5 August 2020. This training will be provided in association with Face and Winners academy on Aptitude skills, technical skill, soft skills and Psychometric test.
3. The Department has planned to conduct online Technical Interviews, HR Interviews, Group Discussions, and Tech classes for students.
4. An alumni Interactive session will also be conducted with students regarding the current requirement of industries and how to achieve that.
5. It has been also planned to provide company Specific training to students before the actual dates of recruitment.
6. Students are also motivated to complete the certification courses on latest technologies like Machine learning, Artificial Intelligence, Embedded System, Cyber security, web Development and IOT.

Subject: Corrective actions taken by the department for 2022 passing out batch students after getting the feedback from placement department for 2021 passed out Batch.

Respected Sir,

The Department of Electrical Engineering has taken the following corrective actions for 2022 passing out batch

1. To maximize the selection:

The activities have been started in VI semester

- Students have been motivated to register in TCS Code Vita and Accenture innovation challenge from third year onwards and also we are providing training.
- Based on the topics which are asked during coding competitions, classes were conducted in coordination with Placement training cell.

For 2022 passing out students.

1. Conducted 18 Days training program on FoP & DSA and Self-paced learning from 01-07-2021 to 18-07-2021 in coordination with Placement training cell.
2. Conducted 06 hrs Mock interview program for TCS on 8-10-2021 in coordination with Placement training cell.
3. Conducted IBM Skills build Job readiness workshop on 06-10-2021 in coordination with Computer science department.
4. Conducted Wipro specific Training workshop on dates 23th Sep 21 & 24th Sep 21, timings - 6 pm to 9 pm in coordination with Placement training cell.
5. Conducted Wipro specific Training workshop from 19 Sept 2021 till 20 Sep 2021, timings - 9 am to 12 pm & 2pm to 5pm in coordination with Placement training cell.
6. Conducted TCS specific Training workshop from 10 Sept 2021 till 12 Sep 2021, timings - 9 am to 12 pm & 2pm to 5pm in coordination with Placement training cell.
7. Conducted Accenture specific training from 2 Sept - 4 Sept. The Training will be of 6 hours per day and the time slots will be 9:00 -12:00 and 2:00-5:00 in coordination with Placement training cell.
8. Conducted Capgemini specific Training workshop from 30th Aug 2021 till 1st Sep 2021, timings - 9 am to 12 pm (Break 12:00 noon to 2:00 pm) ; 2pm to 5pm. In coordination with Placement training cell.
9. Conducted Mockdrill/Interview exchange program conducting on 5, 7 & 8 Aug 2021 in coordination with Placement training cell.
10. Conducted CRT from 22nd to 7th Aug'2021 in coordination with Placement training cell.

11. Conducted 3 days Company based training for Infosys from 15-02-2021 to 17-02-2021 in coordination with Placement training cell.
12. In coordination with Computer science Department we conducted interactive session for all Codevita shortlisted students by our alumni for sharing TCS Codevita interview experience and tips to crack the interview on.
13. Also conducted mock interviews for TCS National Qualifier students.
14. In coordination with Mechanical Engineering Department we had a company specific training for Pinnacle India Ltd in this we had Group Discussion, technical interview, HR interview and Alumni Talk.
15. Department also conducted technical classes, group discussions, technical interviews, HR interviews from the expert from department and college and industrial Experts.
16. Department conducted sessions from alumni to motivate and guide the students for placements.
17. The Department of Electrical Engineering conducting Technical Event to improve student's technical skills.

Subject: Corrective actions taken by the department for 2022 passing out batch students after getting the feedback from placement department for 2021 passed out Batch.

Respected Sir,

The Department of Mechanical Engineering has taken the following corrective actions for 2022 pass out batch

I. To maximize the selection:

The activities have been started in VII semester

- Students have been motivated to register in TCS NQT, EnginX and Accenture innovation challenge from 3rd year onwards and also we are providing training.
- Based on the topics which are asked during coding competitions, classes were conducted in coordination with Placement training cell & this programme called CRT (campus recruitment training).
- Conducted 3 days TCS specific training workshop (10 September - 12 September, 2021), TCS National Qualifier (13-19 September, 2021).
- Conducted mock interviews for TCS code vita students from 8 October 2021. The interviewers were called from outside.
- In coordination with Computer science Department we conducted interactive session for all codevita shortlisted students by our alumni for sharing TCS Code vita interview experience and tips to crack the interview on 10 October, 2021.
- As a Core Branch, Mechanical Engineering Department conducted a 2 - Days Pinnacle Specific Training (3 - 4 December, 2021) for Core Branches (ME, EE & CE) in this we scheduled classes for Engineering Drawing & Machine Drawing & problem solving session.

2. The department also conducted Pre placement training for the students (4 July – 8 August, 2021) from the experts from external agency FACE which includes aptitude classes & also Company specific training for big companies like TCS and WIPRO.

Final selections in TCS-NQT and WIPRO are 09 and 09 respectively.

3. Department also conducted technical classes, group discussions, technical interviews, HR interviews from the expert from department and college and industrial Experts.
4. Department conducted sessions from alumni to motivate and guide the students for placements.
5. Training and workshops are conducted in the department to make the students industry ready in areas such as AutoCAD, solid works & 3-D printing.
6. The Department of Mechanical Engineering has taken the step to increase coding skill of students by providing C, C++ & JAVA Training through External Agency.
7. The Department of Mechanical Engineering also conducted Technical Event like Students participated in online 3-D printing workshop to improve student's technical skills.
