Qualitative analysis of Criterion 6

Jaipur Engineering College & Research Centre provides an ecosystem for technical, social, cultural activities. The objective of the Institute is to have an all round development of all the stake holders i.e. the faculty members and the students. The leadership is providing all the necessary guidelines and planning for smooth running of the institute.

The institute follows a hierarchical tree like structure where the roles and responsibilities of every individual is defined. The organization structure also controls and maintains the quality of all the decisions and planning through formation of IQAC which is responsible for assuring the quality in every frame.

The powers and responsibilities for academic, administrative and other functions are well defined . Various mandatory committees are well constituted. All the activities are being conducted effectively .
