BRIEF REPORT

With deep humility, the institute firmly believes in the notion of serving the society and consistently working to realize the same thought and bringing a positive change in the society through various social initiatives like education to underprivileged students, blood donation , SDP (Single Donor Platelets) donation, teaching to dropout ladies and conducting various programs in campus in association with NGOs , those who are taking care of children having physical of any other disability .

The institute is aware of its social responsibility in view of that and as per the guideline of AICTE, following facilities are provided in the campus to support “DIVYANG”, as under:

1. Provide the ramps at the entrance of every building.
2. Provide “DIVYANG” friendly rest rooms.
3. Signages at various important places.
4. Ambulance facility at the campus .
5. First-aid facility in various Departments and sections.
6. Various open source software and other facilities.
