Zarurat works in the direction to provide free elementary education to the underprivileged children living in the nearby slum areas of JECRC, Jaipur.

BEST PRACTICE 2:

Objective of best practice: Placement of students with backlog

The institute has has taken an unique initiative of starting a vertical exclusively for the placement of students with less than 60% marks and with some backlogs. This works for providing training, motivation and opportunities to these students who earlier could not even dream of a Campus Placement. As a part of the initiatives being taken by the institute, Institute is organizing interactions of students with Alumni who are placed in various companies and also those who have shifted to still better companies as a result of the experience gained by them in the initial company. This helps a lot to the current students since they get to know and obtain the real life experience of interview processes and the corporate life.

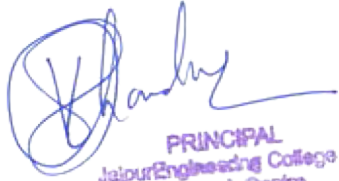

Spiritual Research cell, a unique initiative of JECRC in collaboration with Education Wing of Rajyoga Education and Research Foundation is established on 6th October, 2016 with prime objective to conduct research on Spiritual Dimension of life and to enrich students and staff with the ultimate benefits of meditation
