### **Vision of Department of Mechanical Engineering**

- The Mechanical Engineering Department strives to be recognized globally for outcome based technical knowledge and to produce quality human resource, who can manage the advance technologies and contribute to society.

### **Mission of Department of Mechanical Engineering**

- M1. To impart quality technical knowledge to the learners to make them globally competitive mechanical engineers.
- M2. To provide the learners ethical guidelines along with excellent academic environment for a long productive career.
- M3. To promote industry-institute relationship

## **PROGRAM EDUCATIONAL OBJECTIVES**

1. To provide students with the fundamentals of Engineering Sciences with more emphasis in Mechanical Engineering by way of analyzing and exploiting engineering challenges.
2. To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.
3. To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues.
4. To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self-motivated life-long learning needed for a successful professional career.
5. To prepare students to excel in Industry and Higher education by Educating Students along with High moral values and Knowledge.

## Program Outcomes

- 1. Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in IT.
- 2. Problem analysis:** Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences in IT.
- 3. Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations using IT.
- 4. Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions using IT.
- 5. Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations in IT.
- 6. The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice using IT.
- 7. Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development in IT.
- 8. Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice using IT.
- 9. Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in IT.
- 10. Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 11. Project Management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage IT projects and in multidisciplinary environments.
- 12. Life –long Learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological changes needed in IT.

## **RESPONSIBILITY OF MENTOR**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.

### **Action Taken (MOM-3)**

1. The more sites and Data provided to students for placement preparation
2. Assure them to conduct Company specific trainings.
3. Courses recommended for RTU honors degree.

### **Vision of Department of Mechanical Engineering**

- The Mechanical Engineering Department strives to be recognized globally for outcome based technical knowledge and to produce quality human resource, who can manage the advance technologies and contribute to society.

### **Mission of Department of Mechanical Engineering**

- M1. To impart quality technical knowledge to the learners to make them globally competitive mechanical engineers.
- M2. To provide the learners ethical guidelines along with excellent academic environment for a long productive career.
- M3. To promote industry-institute relationship

## **PROGRAM EDUCATIONAL OBJECTIVES**

1. To provide students with the fundamentals of Engineering Sciences with more emphasis in Mechanical Engineering by way of analyzing and exploiting engineering challenges.
2. To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.
3. To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues.
4. To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self-motivated life-long learning needed for a successful professional career.
5. To prepare students to excel in Industry and Higher education by Educating Students along with High moral values and Knowledge.

## Program Outcomes

- 1. Engineering Knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in IT.
- 2. Problem analysis:** Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences in IT.
- 3. Design/development of solutions:** Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations using IT.
- 4. Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions using IT.
- 5. Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations in IT.
- 6. The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice using IT.
- 7. Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development in IT.
- 8. Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice using IT.
- 9. Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in IT.
- 10. Communication:** Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 11. Project Management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage IT projects and in multidisciplinary environments.
- 12. Life –long Learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological changes needed in IT.

## **RESPONSIBILITY OF MENTOR**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.

---------------------------------	-----------------

**Subject: Regarding registration in online courses (MOOCs)**

All the Mentees are informed that there is a Meeting Regarding Registration in Online Courses and Performance. All of you must be present.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** BT-19at 12:00 noon on 13/03/23

Yogesh Dubey  
Mob No.-9828931117  
email-yogeshdubey.me@jecrc.ac.in  
(Assistant Professor, ME, JECRC)

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engineering**

**Minutes of Meeting-2**

From: Mentor (Mr. Yogesh Dubey)	To: All Mentees
---------------------------------	-----------------

13/3/2023

**Agenda –**

- 1.About Registration in MOOCs.
- 2.Students facing any issue in college and classes

**Attendees:**List Attached

**Meeting Venue Time and Date:** BT-19 at 12:00 noon on Monday, 13/3/23

Meeting started with a welcome note by Mr. Yogesh Dubey (Assistant Professor, ME) and following points were discussed during the meeting.

<b>S.No.</b>	<b>Points</b>
1.	Some technical subject should be taught by experts so basics can be clear more preciously
2.	All students should prepare their Resumes in a proper format and submit in soft copy
3.	Some aptitude classes should be more so company written can more understandable.
4.	It was discussed that as RTU gives credits for online courses (MOOCs) so all the students must register themselves in the online digital learning platforms like NPTEL, Coursera, udeemy etc

### **Action Taken (MOM-2)**

1. Online content provided and suggested to prepare and do the self-evaluation.
2. Moocs suggested based on the interests of students.
3. Some website suggested for technical and resume making

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engineering**

**NOTICE**

Date-01/14/2023

**From: Mentor** (Mr. Yogesh Dubey).

**To- Mentee.**

From: Mentor (Mr. Yogesh Dubey)	To: All Mentees
---------------------------------	-----------------

**Subject: Semester Result, Family wellbeing, others**

All the Mentees are informed that there is a Meeting Regarding Semester Result, Family wellbeing, others. All of you must be present.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** BT-19 at 12:00 noon on 3/4/23.

Yogesh Dubey  
Mob No.-9828931117  
email-yogeshdubey.me@jecrc.ac.in  
(Assistant Professor, ME, JECRC)

**Jaipur Engineering College and Research Centre**

**Department of Mechanical Engineering**

**Minutes of Meeting-3**

From: Mentor (Mr. Yogesh Dubey)	To: All Mentees
---------------------------------	-----------------

3/4/23

**Agenda –**

1. To talk with Mentees for their and family's well being
2. Discussion about attendance in lectures/labs
3. Gathering their previous semester results and other information
4. Discussion on any issue faced by them in academic schedule.

**Attendees:**List Attached

**Meeting Venue Time and Date:** BT-19 at 12:00 noon on Monday, 3/4/23

Meeting started with a welcome note by Mr. Yogesh Dubey (Assistant Professor, ME) and following points were discussed during the meeting.

1. Students shared about their and family well being.
2. They shared their experience of covid.
3. Students want more time for the preparations of placements.
4. Discussion about Core sector, Infosys Digital Learning Platform, Soft Skill Build and other platforms for internship and RTU grades.

### **Vision of Institute**

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

### **Mission of Institute**

- Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.
- Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.
- Offer opportunities for interaction between academia and industry.
- Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders may emerge.

## **Program Outcomes**

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in Mechanical engineering.
2. **Problem analysis:** Identify, formulate, research literature, and analyze complex Mechanical engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex Mechanical engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions in Mechanical engineering.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex Mechanical engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Mechanical engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional Mechanical engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Mechanical engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Mechanical engineering.
10. **Communication:** Communicate effectively on complex Mechanical engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the Mechanical engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Mechanical engineering.

## **Responsibility of Mentor**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engg.**

**NOTICE**

Date- 15/08/2022

**From: Mentor (Hukam chand)**

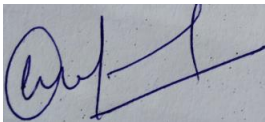

**To- Mentee A-1 & A-2 batch**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

All the Mentees of A1 & A2 batch are informed that there is a Meeting Regarding regular classes and labs.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** DS-01 D BLOCK SECOND FLOOR at 12:00 PM AUGUST.16, 2022.

Hukam chand  
9001484123  
hukamchand.me@jecrc.ac.in  
(Assistant Professor, Mechanical Engineering Department)

All Concerned

**Jaipur Engineering College and Research Centre**

**Department of Mechanical Engg.**

**Minutes of Meeting 1**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

Date: 17/08/2022

**Agenda –**

1. Vision, Mission discussion of college
2. Course outcomes and program outcomes discussion.
3. NAAC and NBA accreditation benefits discussion

**Attendees:** List Attached

**Meeting Venue Time and Date:** ds-01 at 12:00 PM on August.16, 2022.

Meeting started with a welcome note by Hukam chand and following points were discussed during the meeting.

S. No.	Points
1.	Vision, Mission of college and NAAC and NBA accreditation benefits discussed.
2.	Students were told about importance of regularity and mandatory 75% attendance as per RTU regulation.

**Action Taken (MOM 1)**

- 1 Instruct Concern subjects Faculty to provide study material like ppt, word, pdf, video link.
- 2 Instruct Students to attend the classes regularly with COVID-19 guideline.

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engg.**

**NOTICE**

Date- 8/9/2022

**From: Mentor (Hukam chand)**

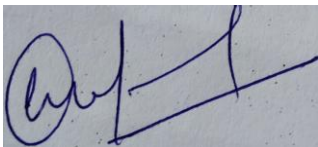

**To- Mentee A-1 & A-2 batch**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

All the Mentees are informed that there is a Meeting Regarding MTT-1 and subject difficulty level at 2:30 PM on 9/09/2022.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** DS-01 at 12:00 SEPTEMBER 09, 2022.

Hukam chand  
9001484123  
Hukamchand.me@jecrc.ac.in  
(Assistant Professor, Mechanical Engineering Department)

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engg.**

**Minutes of Meeting 2**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

Date: 10/9/2022

**Agenda –**

1. MTT problem discussion
2. Difficulty level and comparison with RTU question paper

**Attendees:** List Attached

**Meeting Venue Time and Date:** DS-01 on September 9, 2022.

Meeting started with a welcome note by Hukam chand and following points were discussed during the meeting.

S. No.	Points
1.	Every student gave their opinion about question paper and problem was noted down and provided solution to them.
2.	Feedback of every subject paper were taken and provided them solution
3.	Students were told about importance of regularity and mandatory 75% attendance as per RTU regulation.

### **Vision of Institute**

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

### **Mission of Institute**

- Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.
- Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.
- Offer opportunities for interaction between academia and industry.
- Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders may emerge.

## **Program Outcomes**

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in Mechanical engineering.
2. **Problem analysis:** Identify, formulate, research literature, and analyze complex Mechanical engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex Mechanical engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions in Mechanical engineering.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex Mechanical engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Mechanical engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional Mechanical engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Mechanical engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Mechanical engineering.
10. **Communication:** Communicate effectively on complex Mechanical engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the Mechanical engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Mechanical engineering.

## **Responsibility of Mentor**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engg.**

**NOTICE**

Date- 15/03/2023

**From: Mentor (Hukam chand)**

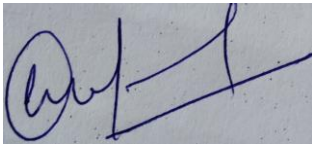

**To- Mentee A-1 & A-2 batch**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

All the Mentees of A1 & A2 batch are informed that there is a Meeting Regarding regular classes and labs.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** DS-01 D BLOCK SECOND FLOOR at 12:00 PM MARCH.18, 2023.

Hukam chand  
9001484123  
hukamchand.me@jecrc.ac.in  
(Assistant Professor, Mechanical Engineering Department)

All Concerned

**Jaipur Engineering College and Research Centre**

**Department of Mechanical Engg.**

**Minutes of Meeting 1**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

Date: 19/03/2023

**Agenda –**

1. Vision, Mission discussion of college
2. Course outcomes and program outcomes discussion.
3. NAAC and NBA accreditation benefits discussion

**Attendees:** List Attached

**Meeting Venue Time and Date:** ds-01 at 12:00 PM on March.18, 2023.

Meeting started with a welcome note by Hukam chand and following points were discussed during the meeting.

S. No.	Points
1.	Vision, Mission of college and NAAC and NBA accreditation benefits discussed.
2.	Students were told about importance of regularity and mandatory 75% attendance as per RTU regulation.

**Action Taken (MOM 1)**

- 1 Instruct Concern subjects Faculty to provide study material like ppt, word, pdf, video link.
- 2 Instruct Students to attend the classes regularly with COVID-19 guideline.

**Jaipur Engineering College and Research Centre**  
**Department of Mechanical Engg.**

**NOTICE**

Date- 8/4/2023

**From: Mentor (Hukam chand)**

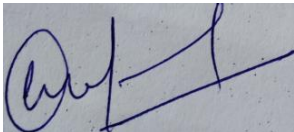

**To- Mentee A-1 & A-2 batch**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

All the Mentees are informed that there is a Meeting Regarding MTT-1 and subject difficulty level at 2:30 PM on 9/04/2023.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** DS-01 at 12:00 APRIL 09, 2023.

Hukam chand  
9001484123  
Hukamchand.me@jecrc.ac.in

**Jaipur Engineering College and Research Centre**

**Department of Mechanical Engg.**

**Minutes of Meeting 2**

From: Mentor ( <b>Hukam chand</b> )	To: All Mentees
-------------------------------------	-----------------

Date: 10/4/2023

**Agenda –**

1. MTT problem discussion
2. Difficulty level and comparison with RTU question paper

**Attendees:** List Attached

**Meeting Venue Time and Date:** DS-01 on APRIL 9, 2023.

Meeting started with a welcome note by Hukam chand and following points were discussed during the meeting.

S. No.	Points
1.	Every student gave their opinion about question paper and problem was noted down and provided solution to them.
2.	Feedback of every subject paper were taken and provided them solution
3.	Students were told about importance of regularity and mandatory 75% attendance as per RTU regulation.

## **Vision of Institute**

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

## **Mission of Institute**

M1: Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2: Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.

M3: Offer opportunities for interaction between academia and industry.

M4: Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

## **Vision of Department**

Department of electrical engineering strives to be recognized globally for outcome based education to develop engineers having the potential to inculcate advanced technologies for industry and society.

## **Mission of Department**

M1: To impart quality technical knowledge to the learners to make them globally competitive in the field of Electrical Engineers.

M2: To provide the learners with ethical and social values along with excellent academic environment for life long learning.

M3: To promote industry-institute relationship.

## **Program Outcomes**

- 1. Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in Electrical engineering.
- 2. Problem analysis:** Identify, formulate, research literature, and analyze complex Electrical engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3. Design/development of solutions:** Design solutions for complex Electrical engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4. Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions in Electrical engineering.
- 5. Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex Electrical engineering activities with an understanding of the limitations.
- 6. The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Electrical engineering practice.
- 7. Environment and sustainability:** Understand the impact of the professional Electrical engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- 8. Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Electrical engineering practice.
- 9. Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Electrical engineering.
- 10. Communication:** Communicate effectively on complex Electrical engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 11. Project management and finance:** Demonstrate knowledge and understanding of the Electrical engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- 12. Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Electrical engineering.

## **Program Specific Outcomes**

PSO1 Graduates will be able to contribute for the development of automation.

PSO2 Graduates will be able to contribute towards integration of the green energy.

## **Program Educational Objectives**

1. To provide students with the fundamentals of Engineering Sciences with more emphasis in Electrical Engineering by way of analyzing and exploiting engineering challenges.
2. To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.
3. To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues.
4. To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self motivated life-long learning needed for a successful professional career.
5. To prepare students to excel in Industry and Higher education by Educating Students along with High moral values and Knowledge

## **Responsibility of Mentor**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.

**Department of Electrical Engineering**

**NOTICE**

Date- 17/03/2023

**From: Mentor (Neha Agrawal)**

**To- Mentee (01-25)**

From: Mentor (Neha Agrawal)	To: All Mentees
-----------------------------	-----------------

All the Mentees are informed that there is a Meeting Regarding Time Table, Classes Conduction and Attendance in Lectures.

Meeting Venue Date and Timing are as below:

**Meeting Venue Time and Date:** BLG-13 at 12:30 PM on ,19<sup>th</sup> March 2023

Mrs. Neha Agrawal  
Mob No.-8058404226  
email-neha.ee@jecrc.ac.in  
(Assistant Professor EE JECRC)

All Concerned

**Jaipur Engineering College and Research Centre**

**Department of Information Technology**

**Minutes of Meeting 1**

From: Mentor (Mrs. Neha Agrawal)

To: All Mentees

19/03/2023

**Agenda –**

- Transfer of information related to offline classes and college.
- The solution to Queries raised by students
- Reporting of Students.
- Time Table
- Attendance

**Attendees:** List Attached

**Meeting Venue Time and Date:** BLG-13 at 12:30 PM on 19<sup>th</sup> March 2023

Meeting started with a welcome note by Mrs. Neha Agrawal (Assistant Professor, EE) and following points were discussed during the meeting.

S.No.	Points
1.	Overall Feedback of each student
2.	Information related to the conduction of offline classes.

**Jaipur Engineering College and Research Centre**  
**Department of Electrical Engineering**

**Minutes of Meeting 2**

From: Mentor (Mrs. Neha Agrawal)	To: All Mentees
----------------------------------	-----------------

17/05/2023

**Agenda –**

1. Discuss about the status of classes and performance of Midterm and End term Examinations.
2. Mentees facing any issue regarding classes performance and any other issue.
3. Discuss about other issues,if any.

**Attendees:** List Attached

**Meeting Venue Time and Date:** BLG-13 at 12:00 noon on Wednesday, 17<sup>th</sup> May, 2023

Meeting started with a welcome note by Mrs. Neha Agrawal (Assistant Professor, EE) and following points were discussed during the meeting.

S.No.	Points
1.	Some technical subject should be taught by experts so basics can be clear more preciously. Discussed about the status of classes, academic calendar, schedule of mid term and end term examinations and their performance.
2.	It was discussed that as RTU gives credits for online courses (MOOCs) so all the students must register themselves in the online digital learning platforms like NPTEL, SWAYAM, IIT Kanpur, IIT Madras etc

## **S.No. Contents**

- 1. Vision /Mission of Institute**
- 2. Vision/ Mission of Department**
- 3. PO, PEO, PSO**
- 4. Responsibility of mentor**
- 5. List of Students with Contact no.**
- 6. Personal Profile of Students**
- 7. Academic Profile of Students**
- 8. Notice of Meeting**
- 9. Minutes of Meeting**
- 10. Action Taken**

## **Vision of Institute**

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

## **Mission of Institute**

M1: Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2: Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.

M3: Offer opportunities for interaction between academia and industry.

M4: Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

## **Vision of Department**

Department of electrical engineering strives to be recognized globally for outcome based education to develop engineers having the potential to inculcate advanced technologies for industry and society.

## **Mission of Department**

M1: To impart quality technical knowledge to the learners to make them globally competitive in the field of Electrical Engineers.

M2: To provide the learners with ethical and social values along with excellent academic environment for life long learning.

M3: To promote industry-institute relationship.

## **Program Outcomes**

- 1. Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems in Electrical engineering.
- 2. Problem analysis:** Identify, formulate, research literature, and analyze complex Electrical engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
- 3. Design/development of solutions:** Design solutions for complex Electrical engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
- 4. Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions in Electrical engineering.
- 5. Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex Electrical engineering activities with an understanding of the limitations.
- 6. The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Electrical engineering practice.
- 7. Environment and sustainability:** Understand the impact of the professional Electrical engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- 8. Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Electrical engineering practice.
- 9. Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Electrical engineering.
- 10. Communication:** Communicate effectively on complex Electrical engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
- 11. Project management and finance:** Demonstrate knowledge and understanding of the Electrical engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
- 12. Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Electrical engineering.

## **Program Specific Outcomes**

PSO1 Graduates will be able to contribute for the development of automation.

PSO2 Graduates will be able to contribute towards integration of the green energy.

## **Program Educational Objectives**

1. To provide students with the fundamentals of Engineering Sciences with more emphasis in Electrical Engineering by way of analyzing and exploiting engineering challenges.
2. To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.
3. To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues.
4. To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self motivated life-long learning needed for a successful professional career.
5. To prepare students to excel in Industry and Higher education by Educating Students along with High moral values and Knowledge

## **Responsibility of Mentor**

- Take an interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Encourage students for attending all the activity related to academics.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her Academics seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- Provide Ethical Guidance.
