Some Feedbacks from the students

S.No	Name	Tell your experience of GCCF.(min 3 lines)
1	Deepanshu Moorjani	It was really a nice experience to learn some new things to put in my bucket. Google Cloud is really a great platform to deploy. Hoping for more such activities in future from Google.
2	Kumud Jain	The overall experience of this program was so amazing and knowledgeable. I got to learn a lot about the networking of cloud computing by performing hands on lab.
3	Vishnu Kumar	Found a unique way of learning, platform was very interactive and we learned such an important topics in simple and easy way, also practiced them.
4	Saksham Sharma	The GCCF journey was really knowledgeable and insightful. You have to choose your path of interest at the right time and google cloud and qwiklabs gave us the opportunity to discover it at the perfect time.
5	Aayush bansal	It was an amazing experience. I had learnt a lot of things like backend framework creation. Got to know about rest API. And had completed a lot of things in gccf lab. So, I appreciate this program. And request to bring more programs like this .
6	Arpit Raychand Sansi	My experience about GCCF is very good and the the programming skills I acquired using this are very high quality. GCCF very good for us for a person you would like to a good programmer in cloud.
7	Arti solanki	Gccf course is a very informative course for every student. The teachers helped us to achieve our target in deadline. I will look up for more opportunities like this in future.
8	Prerana Sharma	Really helpful in covering cloud basics, big data, and machine learning and where and how the Google Cloud Platform fits in by providing hands-on training to practice the learning.
9	Chirag Bhatia	I am glad I was in this journey of Google Cloud where I learned a lot of new concepts in Cloud and helped to clarify a lot of fundamentals also. Looking forward to participate more in such kind of events. Thanks to Google and JECRC for providing such an amazing opportunity.
10	Megha Sharma	I had a wonderful experience being a part of this GCCF program. We all got to learn about new technology. Looking forward for more such programs.
11	Manisha Gehlot	I had learnt so many things in GCCF lab. It was great experience. I learnt about frontend, backend things and API creations also. It was an excellent program. I request to bring more programs like this one.
12	Keshav Soni	This 1 month of GCCF program brings drastic changes to me. I explored many things, but the most important thing I learnt is, we should stick to the basics first to achieve big.
13	Priyanshu Das	It was very good experience in platform like GCCF.I just got the opportunity to learn so many advance things here which I want to learn in future. So simply I can say I get to learn easily freeof cost
14	Vishal Singhal	GCCF course is a very informative course for every student. The teachers helped us to achieve our target in deadline. I will look up for more opportunities like this in future.

15	Harsh Gupta	It is a great experience, learned too much from the GCCF ,faced too much difficulties during the GCCF but the mentors are very helpful and in the end i finished it on time.
16	Neeraj Borana	GCCF training has too much enthusiasm, I had learn many things just like networking or we can say speeding to do a task in a short period of time, in short this was great.
17	Shruti Gupta	It was really a nice experience to learn some new things to put in my bucket.Google Cloud is really a great platform to deploy. Hoping for more such activities in future from Google.
18	Saransh Jain	The overall experience of this program was so amazing and knowledgeable. I got to learn a lot about the networking of cloud computing by performing hands on lab.
19	Dixit Bansal	The overall experience was really nice. I got to learn about the latest Technologies that are being used in the IT sector currently. I am glad that i had a bit of a practical experience because of GCCF program.
20	Yashvi Nama	Really helpful in covering cloud basics, big data, and machine learning and where and how the Google Cloud Platform fits in by providing hands-on training to practice the learning.
21	Kamal Verma	It actually awesome, we learn a lot of new things from it. I also thanked all the faculty members who always support us and available for any kind of help.
22	Hritika binawara	The experience was good. Although the course wasn't much beginners friendly, I got to learn at a few new things. It was good enough to give my cloud computing journey a start.
23	Aryan Khandelwal	Very helpful and informative. The videos guided me perfectly and quizzes helped to recollect what I learned.Very simple and easy way to do the labs and understand the concepts.
24	Chirag Soni	The GCCF provided me with a completely new and vast experience. I haven't learnt so much from any any other course as I did from GCCF because it had perfect combo of theory and practical knowledge and It came as a complete package with so many sessions and labs to perform, the mentors were great and I got to learn so many new stuff.
25	Shubrat Shukla	Found a unique way of learning, platform was very interactive and we learned such an important topics in simple and easy way, also practiced them.
