Soft skills:-

In soft skills we provide learning progress of students on FACE (Focus Academy for Career Enhancement) platform. In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

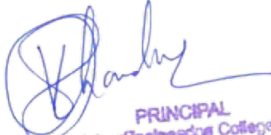

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2022-23):-

| Name of the capability enhancement program | Date of implementation (DD-MM-YYYY) | Number of students enrolled | Name of the agencies/consultants involved with contact details (if any) |

Dear Training and Placement officers,

Good Afternoon, Hope this email finds you well

As discussed in today's meeting, we are conducting Pinnacle infotech company-specific training on 14 & 15 Oct 2022 offline mode for all the eligible/registered students from the Mechanical, Civil, and electrical branches from both campuses. The details of the training are as follows.

- Mode of the Training: Offline
- Date: 14 & 15 Oct 2022
- Time: 8:30 am - 11:30 am || Lunch Break: 11:30 am -12:30 pm || 12:30 pm -3:30 pm
- Venue: Auditorium A Block, JECRC College
- Number of participants: 111, attaching a list for your reference

IMPORTANT NOTE - The training course contains company-specific questions which are very useful. Since this is the ultimate selection module every eligible & registered student must attend the training class. Requesting TPOs to kindly ensure attendance and take strict action if students don't show up.

Respected everyone ,

I hope this email finds you well.

I am writing to inform you about an important meeting scheduled with The Director at 11:30 am on 3rd February 2023, at JECRC Foundation.

The main agenda for the meeting is as follows:

1. **Analysis of Placement Drive held so far** - We will be discussing the details of the placement drives held so far, including the number of students placed and those who are yet to be placed.
2. **Challenges faced** - During the meeting, we will also be discussing the challenges faced during the placement drives and how we can overcome them in the future.
3. **Upcoming strategy** - Finally, we will be discussing our upcoming strategy for the placement drives and how we can improve the results.

I request your presence at the meeting as your contribution and participation will be crucial in shaping our future plans. Also, please carry the data points (Ref. Agenda 1) since this is part of the major agenda.

Please let me know if you have any questions or concerns regarding the meeting.

Minutes of Meeting

| | |
|-------------------------------------|-----------------------------------|
| From : TPO Civil Engineering | To : All Unplaced Students |
|-------------------------------------|-----------------------------------|

Agenda of the Meeting:-

1. Ensuring 100% attendance in all upcoming placement activities.
2. Data verification after declaration of latest results.
3. Individual student feedback from previous placement drives.

Following points were discussed:

- 1) TPO instructed that attendance during previous placement drives were not 100%. Now irregular students will not be allowed in any placement activity.
- 2) As the master data of the placement is very dynamic due to declaration of results, so was also verified by students.

Moreover students were instructed to inform the TPO after declaration of any result.

3) Feedback was taken from the students during previous placement drives. Discussion was made of the problems and challenges faced during previous placement drives.

5) All students were motivated that many companies are coming on the way, so work hard definitely you all will get placed soon.

Soft skills :-

In soft skills we provide learning progress of students on FACE(Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2020-21):-

| Name of the capability enhancement program | Date of implementation (DD-MM-YYYY) | Number of students enrolled | Name of the agencies/consultants involved with contact details (if any) |

Soft skills:-

In soft skills we provide learning progress of students on FACE (Focus Academy for Career Enhancement) platform. In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score; which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

Soft skills data (2022 - 23): -

| Name of the capability enhancement program | Date of implementation (DD-MM-YYYY) | Number of students enrolled | Name of the agencies/consultants involved with contact details (if any) |
|--|-------------------------------------|-----------------------------|---|
| Soft Skills | 05 th July 2022 | 94 | Focus Academy for career enhancement |

Following Instruction are given by TPO to the students of the department regarding the schedule of the training: -

1. Pre-placement (Soft Skill) training will be starting from 05th July 2022 i.e. tomorrow, so all Inset Students including 1 backlog (List Attached) are required to report tomorrow sharp at 8:30 AM to your respective mentors and then move to respective venues as per time table attached.
2. As per the instruction of management, if any student not report till 05th July 2022, then he/she will not be allowed in training as well as placement drives throughout the year.

Respected everyone ,

I hope this email finds you well.

I am writing to inform you about an important meeting scheduled with The Director at 11:30 am on 3rd February 2023, at JECRC Foundation.

The main agenda for the meeting is as follows:

1. **Analysis of Placement Drive held so far** - We will be discussing the details of the placement drives held so far, including the number of students placed and those who are yet to be placed.
2. **Challenges faced** - During the meeting, we will also be discussing the challenges faced during the placement drives and how we can overcome them in the future.
3. **Upcoming strategy** - Finally, we will be discussing our upcoming strategy for the placement drives and how we can improve the results.

I request your presence at the meeting as your contribution and participation will be crucial in shaping our future plans. Also , please carry the data points (Ref. Agenda 1) since this is part of the major agenda.

Please let me know if you have any questions or concerns regarding the meeting.

Dear TPO's

Greetings for the day !!

As you all are well aware about Company Specific Training for TCS NQT that is commencing from today till Saturday i.e 12 Aug' 2022. Please motivate all eligible students from your respective Departments to Participate in this program with full potential and also make them understand importance of this type of training.
 Kindly make sure that maximum number of students participate in this training regardless of any situation as TCS drive is very close and at the same time also very important for us so we can't afford any kind of leniency from student's side at this point of time.

Therefore I also request all of you to kindly maintain attendance for both training days(12-13 Aug 2022).

For any other kind of additional help feel free to connect with me anytime.

Warm Regards,

Dear Colleagues,

The Company specific training for Companies coming with high salary packages has started from July 5th for selected 400 students. However the attendance is very low and highest attendance recorded has been 140 only. It is essential for the students aspiring for jobs with higher salaries to work hard and attend the training.

The list of 400 selected students is attached.

We request you to inform all students of your branch that if they fail to attend any class starting from today, they will not be allowed to appear for the selection process of these companies and their names will be dropped from the list of 400.

Please take and submit the attendance of all students of your branch every day, so that students can be dropped and new interested students can be added.

Sir,

As per our meeting discussions held on 8th October, regarding emphasizing on the selections for the core branches students from ECE, EE, ME & Civil streams, we all 6 core team members have discussed offline on effective sourcing strategies to meet the target as required. Following are few points which we have decided to follow up and plan accordingly -

- Encourage and motivate students to participate in full strength in all the ongoing and upcoming recruitment drives (core and other profiles like BDE, Management Trainee etc.).
- A company specific training for some potential companies like Pinnacle and Honda Cars etc.
- Industry plan Delhi-NCR.
- A brief alumni interaction program can be planned before the drive starts, this will help us to ensure the good participation as well as the students can be aware about the career opportunity and growth. It will also encourage and motivate students to join the company, which is always a big challenge for all of us.

Keeping in view of some forthcoming potential recruitment drives like Capgemini, Pinnacle, Deloitte & Honda Cars, we are in process of scheduling the training program as per the following plan-

1. Online Test - By Mukesh Sir.
2. Technical Preparation - by the concerned departments - an offline meeting has been called tomorrow of all the concerned TPOs for the same.

Company-wise count -

Pinnacle - 111 Registered students - Awaiting for the final schedule

Capgemini - 973 - Registered students - on 29th October, verbally (confirmed schedule on mail, awaiting)

HashedIn by Deloitte - 500 - Registered students. Awaiting for the final schedule

Dear Training and Placement officers,

Good Afternoon, Hope this email finds you well

As discussed in today's meeting, we are conducting Pinnacle infotech company-specific training on 14 & 15 Oct 2022 offline mode for all the eligible/registered students from the Mechanical, Civil, and electrical branches from both campuses. The details of the training are as follows.

- Mode of the Training: Offline
- Date: 14 & 15 Oct 2022
- Time: 8:30 am - 11:30 am || Lunch Break: 11:30 am -12:30 pm || 12:30 pm -3:30 pm
- Venue: Auditorium A Block, JECRC College
- Number of participants: 111, attaching a list for your reference

IMPORTANT NOTE - The training course contains company-specific questions which are very useful. Since this is the ultimate selection module every eligible & registered student must attend the training class. Requesting TPOs to kindly ensure attendance and take strict action if students don't show up.

Thanks & Regards

S M Sana

| To discuss the matter of low participation of the students in the drives. | <p>It has been observed that in the past few weeks , students are not appearing in the large corporate drives . In terms of offers, this could have provided us with a large number. The director deemed it to be a matter of grave concern.</p> <p>Below is the attendance analysis of large campus drives :</p> | | | | | | | | | | | | | | | | | | | | |
|---|---|-------------------|-------------------|----------|--------|-----|-----|-----|----|-----------|-----|-----|----|-----|-----|-----|----|---------|-----|-----|-----|

| TECH M. | 579 | 353 | 226 | | | | | | | | | | | | | | | | | | |
| <p>As a result of showing his utmost concern over the matter, the Director said that it could have been anticipated by the team and & asked the team to work on it as soon as possible .</p> | | | | | | | | | | | | | | | | | | | | | |
| <p>Following the discussion, the team will adopt the following statement provided by the Director as a matter of strategic planning :</p> | | | | | | | | | | | | | | | | | | | | | |
| <p>The team should ensure 100% participation in upcoming drives . Students must appear even if they are already placed . If not then he/she will get debarred to appear in future drives and if placed in any other company , then the offer letter may be revoked.</p> | | | | | | | | | | | | | | | | | | | | | |
| <p>Low attendance has also been observed in the drives of NewSet. To which The Director asked Mr. Mokshad to take meetings with the students and ensure full participation in TATA AIG.</p> | | | | | | | | | | | | | | | | | | | | | |

Summary (Soft Skill Development)

Soft skills are a combination of people skills, social skills, communication skills, character or personality traits, attitudes, career attributes, social intelligence and emotional intelligence quotients, among others, that enable people to navigate their environment, work well with others, perform well, and achieve their goals with complementing hard skills. The Collins English Dictionary defines the term "soft skills" as "desirable qualities for certain forms of employment that do not depend on acquired knowledge: they include common sense, the ability to deal with people, and a positive flexible attitude."

Soft skills is a composite expression, and each of the two words explains a defining aspect of the concept.

The word "skill" highlights the practical function. The term alone has a broad meaning, and describes a particular ability to complete tasks ranging from easier ones like "learning how to kick a ball" to harder ones like "learning how to be creative." In this specific instance, the word "skill" has to be interpreted as the ability to master hardly controlled actions.

The word "soft" is the opposite of "hard", may appear to mean "subjective, fuzzy, and unreliable," "but, "calling these skills soft or no cognitive belies their importance." Because of their subjectivity, soft skills are often not assessed and yet many in business consulting argue that they lie at the foundation of what makes a leader and will determine if an employee will rise to a leadership position. Soft skills represent personal skills necessary for such activities as team work and motivating others.

Dear TPO's

Greetings for the day !!

As you all are well aware about **Company Specific Training** for **TCS NQT** that is commencing from today till Saturday i.e 12 Aug' 2022. Please **motivate** all eligible students from your respective Departments to Participate in this program with full potential and also make them understand importance of this type of training.

Kindly make sure that **maximum number** of students **participate** in this training regardless of any situation as TCS drive is very close and at the same time also very important for us so we can't afford any kind of leniency from student's side at this point of time.

Therefore I also request all of you to kindly **maintain attendance** for both training days(12-13 Aug 2022).

For any other kind of additional help feel free to connect with me anytime.

Warm Regards,
SAHIL Bhatia

Dear Training and Placement officers,

Good Morning!

As discussed in yesterday's telephonic conversations, we are conducting **Capgemini company-specific training** during **17-22 Oct 2022** in online mode for all the eligible/registered students of both campuses. The details of the training are as follows.

- Mode of the Training: **Online**
- Date: **17 & 22 Oct 2022**
- Link: Will be shared with TPOs'

The training course contains company-specific questions only.
Students who will undergo this training will have much higher chances to crack the test.

| NAMAN GOYAL | | Communication is OK. Need to work on CV and Presentation Content | 6 |
| NAMAN SHARMA | | Absent | 0 |
| NEHAL HIREN JAIN | | Nehal is a confident girl, she gets a little nervous, but just for a moment or two, when you ask a tricky question. She will get a good job for sure, she just needs to work on her weakness. | 7.5 |
| NISHANT KUMAWAT | | Nishant is confident, just a little stubborn when it comes to making his point. Also he seeks validation from others and gets triggered when somebody doesn't take his point seriously or his opinion. Rest, he is good in communication, uses too much hand movement. Overall, I think he will get a job. | 7.5 |
| PRABHAV BHARGAVA | | He is confident, has decent communication skills. And I loved his strengths and how he would leverage those strengths for the benefit of the organization. Has a fear of speaking in public, also needs to slightly brush up his vocab, he is reading novels for it. Overall I think he will get a good job. Also, sometimes he looks here and there. | 7.5 |
| PRAKHAR BHARGAVA | | He is a dancer and will pursue dance as his first career option. He has decent communication skills and has good confidence. If he sits in the interview, I am sure he will land a job. Just need to work on answers such as why he wants to join the organization and more so. | 7 |
| PRANJAL JAIN | | Pranjal is confident, a little bit nervous, but still she gave all answers with confidence and with a smile on her face. Loved her attitude. I believe she will get a good job | 8 |
| PRATHAM KABRA | IT6 | DB | DB |
| PRAVEEN SHARMA | | Praveen is smart and confident and has good communication skills. He has a smile on his face, which is another nice thing. I believe he will get a good job | 8.5 |
| PRERNA PAREEK | | Prerna is confident, smart and has good answers. She has also done some charity work, which is really good. In pandemic she taught students and earned money, and used the same money to help the people in pandemic. I think she will get a good job. | 8.5 |
| PRIYANSHI JANGID | | Priyanshi is fantastic, just got a little nervous because I was her team leader at JIC. But besides that too, she did a fab job and I am sure she will get a good job | 9 |
| PUNEET KUMAR SAINI | | He has just one challenge, and that is communication. I have given him some tips and tricks to work on his communication, and I am sure that he will work on it. Lack of confidence also stems from his communication challenge only. | 6 |
| RADHIKA SIKARWAR | | Extremely low on confidence, just spoke with her today and gave her an exercise to work. Gave 4 marks on her sheet so that she feels motivated. In actual her performance is really poor | 2 |

Soft skills:-

In soft skills we provide learning progress of students on FACE (Focus Academy for Career Enhancement) platform .In this training prepared by the FACE Prep Support team.

How is the learning progress calculated?

Each lesson comes with a cut-off score, which students are expected to clear. The learning completion is calculated based on students achieving the cut-off score in all lessons. In most lessons, the cut-off score is 100%. Some students might have quick started learning, but would not have attained the cut off score to be considered for completion of a lesson.

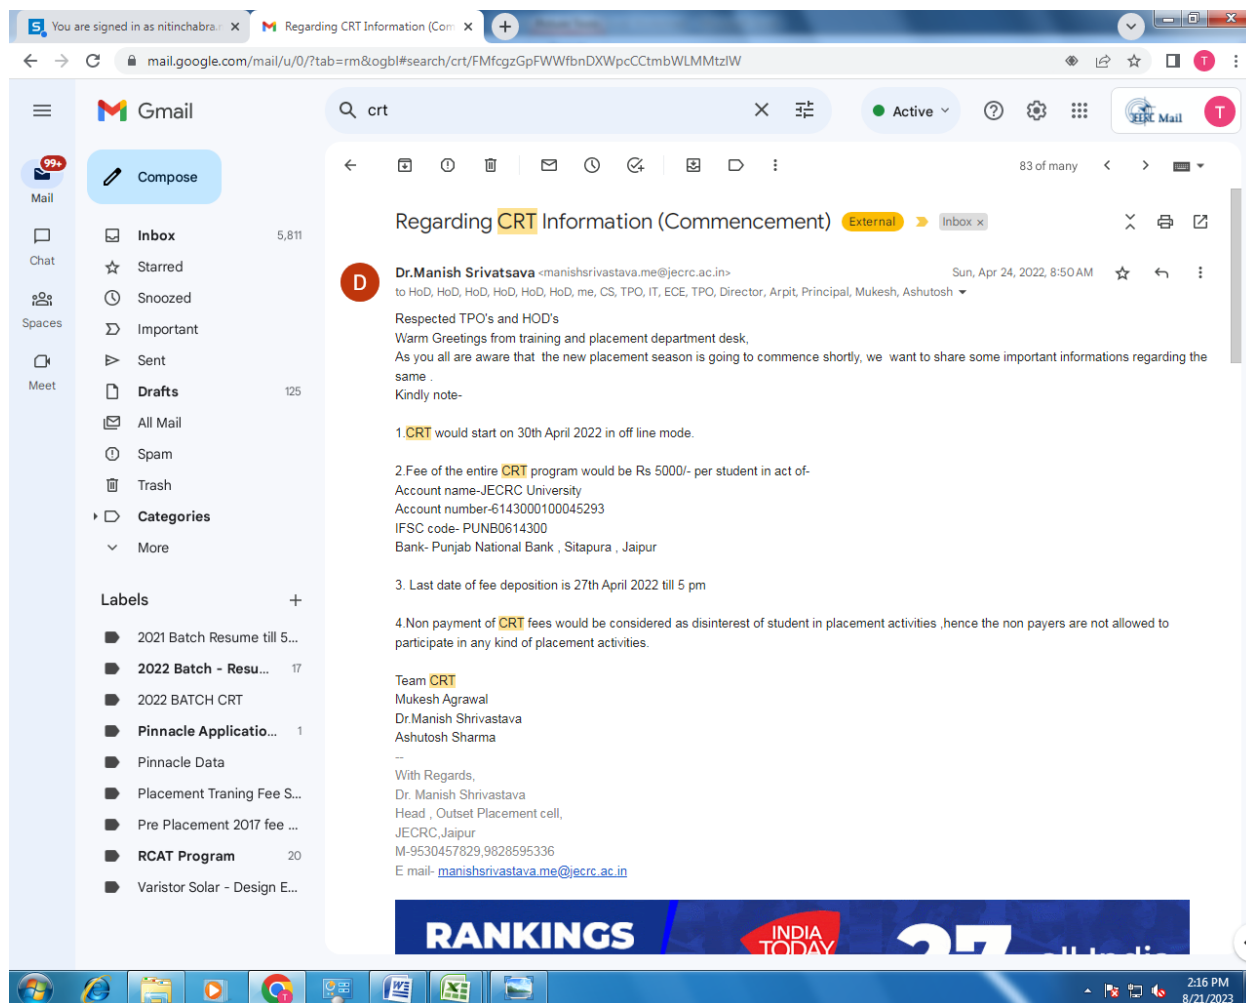

Course structure –

The course is structured into 10 different stages. The stages are unlocked in phases, for the students, thereby setting them a learning target. The learning duration in each stage is 6 hours.

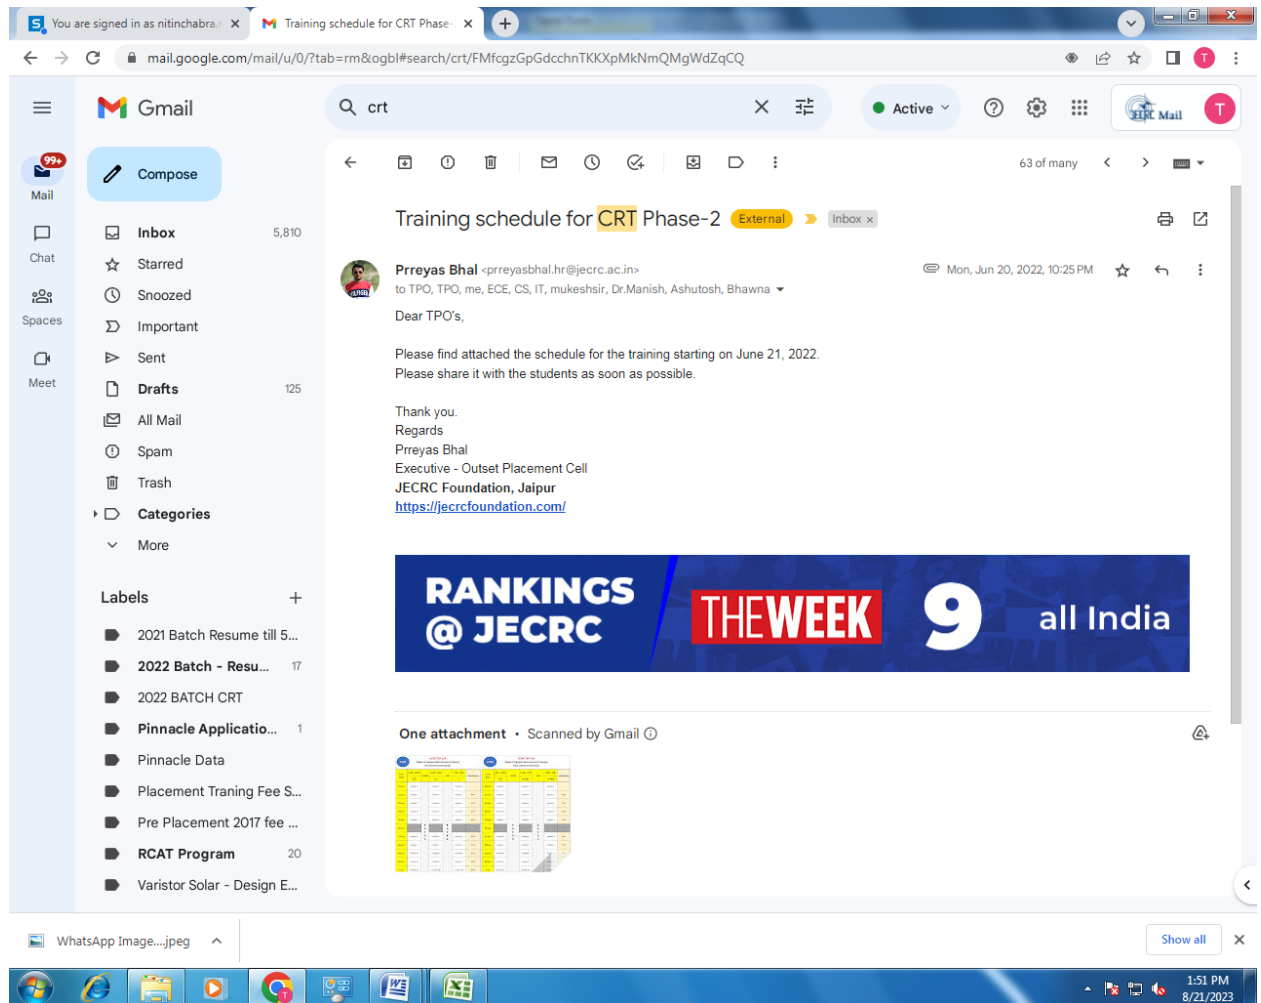

Soft skills data (2021-22):-

Soft skills are the skills that are part of your personality. These skills help you get along with others, communicate effectively, and work well in a team.

When problems arise, soft skills come to the rescue to help solve them. If there are difficult people to deal with, soft skills can help calm the atmosphere. There's a reason that soft skills are sometimes called "people skills." They make your interactions with others go more smoothly.

Why are soft skills so vital to your work performance? Let's look at how these soft skills are categorized, and then you'll see their importance.

- Soft skills help you work well with others.
- Soft skills assist you in completing your work more effectively.

In most cases, you will probably have to work with others. Even if you don't deal with customers every day, you still have your co-workers to interact with. Employers appreciate people who don't make waves in the office but are team players, getting along well with everyone.

Soft skills also help you work smarter and better. This means you are more productive because you can think quickly on your feet, have good time management skills, and are self-motivated to do your best work. These skills are transferable to any position, and they create a good vibe in the office. You can see why they are so valued.

Dear Heads and TPOs,

We would like to thank you for your efforts and coordination in CRT phase I (21 April to 20 May) & DAT II which was scheduled on 22nd May 2023. As per our schedule shared earlier, the second phase of training is going to begin from 26th May till 4 June. In this phase of training, students are divided into 6 groups irrespective of their branch. Kindly find a list of students along with their time slot and venue attached for your reference.

This phase of training focuses on problem-solving skills using any programming language like C, C++, Java, or Python. It will help students to perform better in coding and other technical assessments. I urge you to monitor the attendance of your respective students at utmost priority and ensure all the students report on time for the smooth conduction of the process.

| Group Name | Venue | Time Slot |
|------------|----------------------|--------------|
| Group 1 | Auditorium (A Block) | 9:00 - 12:00 |
| Group 2 | Auditorium (A Block) | 12:30 - 3:30 |
| Group 3 | C-401 | 9:00 - 12:00 |
| Group 4 | C-401 | 12:30 - 3:30 |
| Group 5 | C-501 | 9:00 - 12:00 |
| Group 6 | C-501 | 12:30 - 3:30 |

Thanks & Regards,

Mukesh Agarwal

Dear Training and Placement officers,

Good Morning!

As discussed in yesterday's telephonic conversations, we are conducting Capgemini company-specific training during 17-22 Oct 2022 in online mode for all the eligible/registered students of both campuses. The details of the training are as follows.

- Mode of the Training: Online
- Date: 17 & 22 Oct 2022
- Link: Will be shared with TPOs'

The training course contains company-specific questions only.

Students who will undergo this training will have much higher chances to crack the test.

Dear TPO's

Greetings for the day !!

As you all are well aware about **Company Specific Training** for TCS NQT that is commencing from today till Saturday i.e 12 Aug' 2022. Please **motivate** all eligible students from your respective Departments to Participate in this program with full potential and also make them understand importance of this type of training.

Kindly make sure that **maximum number** of students **participate** in this training regardless of any situation as TCS drive is very close and at the same time also very important for us so we can't afford any kind of leniency from student's side at this point of time.

Therefore I also request all of you to kindly **maintain attendance** for both training days(12-13 Aug 2022).

For any other kind of additional help feel free to connect with me anytime.

Warm Regards,
SAHIL Bhatia

Dear Colleagues,

The Company specific training for Companies coming with high salary packages has started from July 5th for selected 400 students. However the attendance is very low and highest attendance recorded has been 140 only. It is essential for the students aspiring for jobs with higher salaries to work hard and attend the training.

The list of 400 selected students is attached.

We request you to inform all students of your branch that if they fail to attend any class starting from today, they will not be allowed to appear for the selection process of these companies and their names will be dropped from the list of 400.

Please take and submit the attendance of all students of your branch every day, so that students can be dropped and new interested students can be added.

Regards,

Prof. Mukht Bihari (B.I.T.S.Pilani Alumnus)
