Introduction about Event

The Mathematics department of JECRC has organised an Expert talk on “An introduction to ancient vedic Mathematics” on 29th April 2024. The workshop was organised by the mathematics department First year and the resource person was Dr Pooja Sharma, Associate Professor, Department of mathematics & Statistics, Manipal University Jaipur.

The targeted group for the talk was the students of B. Tech. I year. Almost 95 students participated and get benefitted by the talk. This talk was a successful effort of the department in which the contents were delivered by the Expert for one day.

At the end of the event feedback was taken from the students. Students were satisfied with the talk. All students who have participated in this event were given certificates for the same.

Debate Competition to be held on 5th April 2025.

DEBATE *Competition*

organised by

THE DEPARTMENT OF APPLIED SCIENCES
(ENGLISH AND HUMANITIES)

Topic AI vs Humans

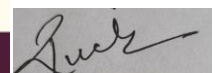

Date Fri, 5th April 2024

Time 10 AM To 12 PM

Venue C- Block, Room No-501

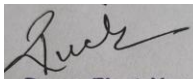

**E- Certificates will be given to Winners
and Participates.**

Dean First Year
JECRC, Jaipur

B.Tech. I YEAR

A debating competition is a structured contest between competitors presenting their points of view on a predefined topic .It promotes critical thinking among the participants who are expected to research and get valid points to support their arguments on relevant issues.it promotes critical thinking and enables the students to understand the different perspectives on controversial issues.

Debate should be made an essential part of the curriculum as it not only enhances the speaking skills of the students but develops analytical power, critical thinking and their creativity. An important advantage of a debate is that in addition to enhancing the knowledge of the participants it enables them to learn and to present their case before the audience strongly making well informed citizens in future. Mastering the art of debate equips the students with essential skills needed in the current scenario. In an era where the ability to understand and empathize with opposing points of view being vital, debate becomes a necessary tool. Mastering a debate involves building confidence in public speech, constructing logical arguments and listening and responding to other's arguments with precision. It is a transformative tool that fosters open mindedness, critical thinking, and effective communication skills. Individuals get apt at navigating complex issues and engaging with diverse perspectives ultimately contributing to a more informed public opinion.

Dean First Year
JECRC, Jaipur

Group Discussion

Group Discussion involves an exchange of views by participants on a given subject. The whole idea is to bring together a set of people on a common platform to share their ideas, thereby giving them an opportunity to exhibit their knowledge, and also to learn and assimilate the views of other participants. Since a GD brings together a group of people having diverse perspectives it is viewed as an excellent method of arriving at solutions to problems. GD's are instrumental in narrowing down differences and arriving at solutions to problems. GD's are known to expand horizons of knowledge. It exposes the participants divergent views, enables them to delve into the problems being discussed at length and to develop their critical thinking abilities.

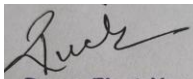

JAIPUR ENGINEERING COLLEGE

The whole exercise necessitates the contribution of ideas and thoughts the participants are required to listen attentively to other's points of views. It enhances listening skills and also helps to boost the confidence level of the speakers engaging them in conversation with the fellow competitors. GD's help to develop teamwork and leadership among the competitors. Working together in a group increases the tolerance and respect towards others

Induction Report

2023-24

Jaipur Engineering College and Research Center, Jaipur

REPORT ON

INDUCTION PROGRAMME

B. Tech. First Year

5st September to 20th September, 2023

Purpose & Objective of Induction Program

- To help new students adjust and feel comfortable in the new environment
- To inculcate in them the ethos and culture of the institution
- Help them to build bonds with other students and faculty members
- Expose them to a sense of larger purpose and self-exploration

The PARICHAY will help you get an insight into what awaits you at large at JECRC and get acquainted with the various social, cultural and technical initiatives of the college, Joy of Dream a fest that will start your journey as Mr.

Dean First Year
JECRC, Jaipur

Fresher / Ms. Fresher, excitement during Annual fest and may more events that awaits you during the year and you will get to witness the various incredible speakers and dignitaries, who will address and motivate you for the ride ahead in the life.

JECRC is known for organizing great and tremendously coordinated events for the students and we expect to give nothing less for the 2023-2027 batch!

Date: 05.9.2023
Venue: C- block Ground
Time: 9 AM

Various activities conducted during Induction program

Introduction to various student's clubs of the college

As we focus more on holistic grooming of our students and emphasis on extracurricular activities, so our main aim is to give a brief about who we are, what we do, and how do we do that?

Quik
Dean First Year
JECRC, Jaipur

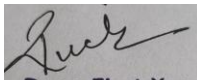

All this can be achieved only outside classroom and for that students and SDO cell work closely to achieve excellence.

As to engage students in extracurricular activities we have a lot of talent in our college. As we focus more on creating talent, we have various student clubs to introduce. For instance, we have Xananoids-The Robotics Club as were the first college in the city to have a dedicated robotics lab and our students had started making prototypes before other could even spell Robotics.

Moonriders, which is the automobile club, Fotografreaks, which is the photography club of JECRC, students of this club are responsible to create memories of all the amazing things that happen in this campus, The dramatics club named face n footlite,

Our very own bhangra crew called Khalas, The group for contemporary dance forms called Enigma, The creative arts club called Atrangi.

Now, to make new generation of JECRC we introduced our Social clubs, because social we equally emphasis on social responsibilityas we have a very active bunch of students working under four flags of Zarurat, Aashayein, Soch&Suhasini.

Start Up Talk

JECRC Incubation Centre Activity - JIC interacted with the freshman of JECRC Foundation and got to know about their thoughts, mindset and expectations from their ongoing 4 year journey.

JIC talked to them about the startups and entrepreneurship and how they can work on their startup idea and how we at JIC can help them build their startup. They heard some of their ideas and a few of them were really amazing and scalable. Students were so pumped up knowing that there's some department we have which can really help them work on their idea with proper mentorship and other support.

Spiritual Cell Activity

Quik
Dean First Year
JECRC, Jaipur

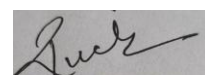

As a part of induction program, the Spiritual Research Center was a resounding success.

Dr. Mohit Gupta addressed the gathering and motivated them to be a pure soul. It was followed by a discussion on the concepts of Karma Philosophy and how it shapes our lives.

The students were able to understand the importance of Karma and how their actions have a direct impact on their lives. The program also emphasized the need for self-reflection and introspection, which is essential for spiritual growth.

The feedback from the students was overwhelmingly positive, with many expressing their gratitude for the opportunity to learn and grow spiritually. They appreciated the interactive and engaging nature of the program and felt that it helped them connect with themselves and others in a more meaningful way.

Overall, the induction program was a great success, and we hope that it has inspired the students to continue on their spiritual journey.

Language lab activity

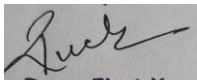

B.Tech. I YEAR

Art of Effective Speaking”

Introduction about Event

As we know, the **Department of FirstYear English and Humanities** carries out various activities as a part of language Lab activities. This time we took the initiative to conduct an **Educational Session** that will help students to enhance their **speaking and leadership skills**, the **Department of First Year** conducted a **Toastmasters educational session** on **Saturday 14-04-2024** for all the students.

This session was designed to provide with valuable insights, practical techniques, and inspiring stories that will empower students to become more effective speaker and leader. The Session focused on the crucial theme of effective communication and how to initiate good conversations for the first time with others. This event aimed to equip participants with the essential skills needed to make meaningful connections, both in personal and professional settings.

Dean First Year
JECRC, Jaipur

TM Khushi has been an active and influential participant in Toastmasters, a platform renowned for fostering public speaking and leadership abilities. With a wealth of experience and a passion for helping others grow, TM Khushi has become a respected figure in the community.

Her journey reflects the core values of Toastmasters: **integrity, respect, service, and excellence**. She is a part of the **Rajasthan Toastmasters Club**.

She is a ghostwriter, public speaker, and an excellent public consultant. She also loves to handle her social media marketing.

**Online Workshop on
“Open Access Publishing”
In collaboration with
Central University of Himachal Pradesh**

**Dean First Year
JECRC, Jaipur**

Notice

Department of Applied Science, First Year is organizing a one day workshop on “Open Access Publishing” in collaboration with Central University of Himachal Pradesh, Dharamshala.

B.Tech. I YEAR

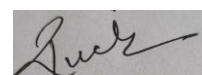

This workshop is designed to empower faculty members with the tools and knowledge needed to navigate the world of scholarly communication in the digital age. It will cover the understanding of open access navigation, publishing copyright, licensing compliance with open access policies, tools and resources.

Objectives of the workshop:

- Provide comprehensive training on the fundamental principles and practical aspects of open-access publishing, UNESCO Values and Principles of Open Science.
- Familiarize participants with various open access models (e.g., gold, green, and hybrid open access), open public licensing (Creative Commons), and resources like the Directory of Open Access Journals (DOAJ), emphasizing ethical standards. (<https://doaj.org/>).
- Enable effective utilization of open publishing platforms such as OJS (Open Journal System), covering installation, journal setup, submission management, peer review, and content publication. (<https://pkp.sfu.ca/software/ojs/>)

The workshop is specifically tailored for faculty, scientists, and academic staff, with a target attendance of 50-60 participants

The resource persons will be from the organizations like Public Knowledge Project, DOAJ, IIT Delhi, Central University of Punjab and Central University of Himachal Pradesh.

B.Tech. **Blink It**

INTRODUCTION OF THE EVENT

Department of First year

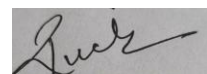

By: - Dr.Rekha Mittal (Faculty Co-ordinator) , Dr.Tripiti Gupta (Faculty Co-ordinator)

Dr. Pradeep (Faculty Co-ordinator), Dr. S.K. Dixit (Faculty Co-ordinator)

Dr. Sunil Kumar Srivastava (Faculty Co-ordinator)

As we know that **Department of First Year** carries out various activities every year. This time also during this Renaissance, 2024, it took an initiative to conduct a Technical event which will help students to enhance their market and business skills.

For this, **The Department of First year** conducted **Blink It** on **Tuesday 19- 03- 2024** for all the students. There were 45 registrations through the website. 2 rounds were kept. Round one name was **“Pitch Battle”** to shortlist the teams. And the next round was the **“Strategic Showdown”**. In the first round participants had to tell about their basic idea of their business in the given allotted time that was 3 minutes. In the second round the participants need to answer the questions by the judges and tell them about their further scope and marketing strategies. External judge of this event was Miss Neetika Garg Ma’am, and Internal judge was Mr. Naveen Kedia sir.

Five days work-shop (Physics)

B.Tech. I YEAR

Introduction about the Event

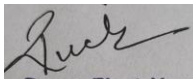

The Physics department of JECRC has organized a five days' workshop "**Joy of Experimental Learning of Science: An Approach towards NEP**" from 2nd April, 2024 to 6th April, 2024.

The workshop was organized by Physics department First year and the resource persons were

1. Dr Vipin Kumar Jain
2. Dr R. K. Mangal
3. Dr S. K. Dixit
4. Dr Sarita Garg
5. Dr Manoj Pathak
6. Dr Seema Bansal
7. Dr Pradeep Kumar Sharma

The objective of this workshop was 'The experimental based learning' and to motivate the students to learn new technologies. This provides a platform to the students to learn various experimental as well as theoretical aspects of various physical phenomena of science and technology.

The content for workshop were Laser Application, Electricity and Magnetism principles, Quantum Mechanics related concepts demonstration etc.

A Mathematical Workshop and Test

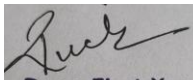

Introduction about the Event

The Mathematics department of JECRC has organized a fivedays workshop “Progression: A Mathematical Workshop and Test” on the mathematical part of Aptitude and Reasoning skills on 2th May 2024 to 9th May 2024. The workshop was organized by mathematics department First year and the resource persons were

1. DrRuchiMathur
2. Dr Ashok Singh Shekhawat
3. Dr U.K. Pareek
4. Dr Sunil Kumar Srivastava
5. Dr Tripathi Gupta
6. DrKashishParwani
7. Dr Vishal Saxena
8. Dr Yagvendra Kumawat

The targeted group for the workshop were the students of B. Tech. I year CE, ME, AIDS, IT& EE branch. Almost 47 students participated and get benefitted by the workshop. This workshop was a successful effort of the department in which the contents were delivered by the faculty members for five days with six hours per day.

The content for workshop were Permutation and Combination, Ratio, Proportion, Variation, Unitary Method, Set, Relation, Function, Probability, Progression, Interest, Profit and Loss, Number Theory, Time ,Work and Distance, Percentage, Formula based Inequalities, Trains concepts and Some concepts of Vedic Mathematics for fast calculation.

JECRC Foundation

A journey of Two decades for JECRC, having more than 4000 students on campus under 8 UG programs, has earned laurels to their students, faculty members and for the institute in many ways. More than 10000 alumni spread over the globe has climbed the ladder to leadership positions and providing mentorship to their juniors by way of skill development, incubation, startup, research and angel funding. Faith by government agencies for providing grant of more than 2 crores for setting up centre of excellence, state of art facilities for startup & incubation and providing platform to the students to develop their technical and managerial skills that is helping students to get placement in a reputed organization. Contribution towards international publications, technical activities, co-curricular activities by faculty members, students and delivery of outcome based education is recognized by National Board of Accreditation and AICTE.

About NCASCE 3.0

The Department of Applied Science, JECRC, Jaipur, India will organize a National Conference on Application of Basic Sciences and Communication in Engineering (NCASCE). The forthcoming NCASCE 3.0 2024 will highlight the new advances and research results in the fields of Computational Applied Mathematics, Biochemistry, Green Chemistry, Nanomaterials, Soft Skills, Communication, Plasmaphysics but not limited to these topics. This National conference aims to bring together academicians, researchers and scientists for knowledge sharing in Basic Sciences and areas of Communication. There will be two different parts for the conference: Invited Talks and Research Paper Presentations. The NCASCE 3.0 2024 serves as good platforms for the scientific community members to meet with each other for presenting new researches, exchanging information and discussing current issues. We believe that our future conferences will improve further the development of knowledge in these fields.

Final Submission of accepted papers for the proceedings	5 th June, 2024
Last date of Registration	5 th June, 2024

3rd National Conference on Application of Basic Sciences And Communication in Engineering (NCASCE 3.0) June 10th-11th 2024, Jaipur (INDIA)

Organized By

Department Of Applied Science
Jaipur Engineering College &
Research Centre, Jaipur Shri Ram
ki Nangal, via Sitapura RIICO
Tonk Road, Jaipur- 302 022,
Rajasthan. Website:
<http://www.jecrcfoundation.com/>

Conference Tracks:

1. Numerical Analysis
2. Special Functions
3. Statistical Techniques
4. Artificial Intelligence
5. Computational Chemistry
6. Communicative Competence in the Technical Domain
7. English in Digital Era: Status and Prospects
8. Soft Skills: The Need of the Hour
9. Indian English Literature
10. Narrative and the Short Story
11. Human Values: Ways to Overcome the Human Conflicts
12. Nano materials
13. Plasma Physics
14. Bio Chemistry
15. Synthetic Chemistry
16. Environmental Chemistry
17. Green Chemistry
18. Semi Conductor Devices
19. Materials of Environmental Problems
20. Corrosion and Its prevention
21. Health Management

Registration Details:

Category	Amount
Academician	INR 1200
Research Scholar/Student	INR 1000

Technical Program Committee:

1. Dr. Brajraj Sharma, SKIT, Jaipur
2. Prof. Sonu Pareek, JECRC University, Jaipur
3. Dr. Balram Tripathi, SSJS College, Jaipur
4. Dr. Rashmi Chaturvedi, Director Kanoria College, Jaipur
5. Dr. Shalini Sheldhawal, SKIT Jaipur
6. Dr. Madhvi Singh, Banasthali Vidyapeeth, Banasthali
7. Dr. Vandana Rani Verma, Sharda University, Greater Noida
8. Dr. Poonam Hariyani, JECRC University, Jaipur
9. Dr. Geetanjali Sharma, Banasthali Vidyapeeth, Banasthali
10. Dr. N.K. Joshi, MIMT, Kota
11. Dr. Abid Hussain, Career Point University, Kota

Advisory Committee

Prof. Trilok Mathur, BITS, Pilani
Prof. Balram Tripathi, SSJS College, Jaipur
Prof. Mainaz Faridi, Banasthali Vidyapeeth, Banasthali
Prof. M.P. Singh, HOD, ME, JECRC, Jaipur
Prof. Sanjay Gaur, HOD, CSE, JECRC, Jaipur
Prof. Sandeep Vyas, HOD, ECE, JECRC, Jaipur
Prof. Smrita Agarwal, HOD, IT, JECRC, Jaipur
Prof. Manju Vyas, HOD, AIEDS, JECRC, Jaipur
Prof. Pranav Shrivastava, HOD, EE, JECRC, Jaipur
Prof. K.K. Saini, HOD, CE, JECRC, Jaipur
Prof. Neeraj Singh, HOD, CSAL, JECRC, Jaipur

Publication Details:

The Submitted Papers will go through a review process and accepted papers will be considered for presentation in the conference and Journal publication.

IJAC Online [ISSN:0973-2861]
International Journal of Analysis and
Computation.

Keynotes Session First day (10th June 2024)

Dr. Kalpna Sharma

[Signature]
Dean First Year
JECRC, Jaipur

JAIPUR ENGINEERING COLLEGE

Dr Kalpna Sharma is Professor and Head at the Department of Mathematics & Statistics joined Manipal University Jaipur in August 2012. She has completed her Bachelor's degree in Science; Master's Degree in Mathematics along with M.Phil. and Ph.D. from University of Rajasthan. She qualified NET conducted by CSIR in the year 1999. She has an extensive teaching and administrative experience of over 23 years. Dr Sharma was coordinating and maintaining the University Ph.D. program from 2015 - 2020 and joined as Dy. Director (Research) from the inception of DoR.

She is presently presiding officer Internal Committee of the university also. She had successfully handled several diverse responsibilities such as Associate Dean (I Year), Head of the Department, NSS Coordinator, Faculty incharge of Rotaract Club, center superintendent for RTU, Academic Coordinator, Convener of Library Advisory Committee at different institutions.

On her credit, she has published number of papers in peer reviewed journals and presented papers in National / International conferences. She has delivered lectures as invited talk, keynote speaker and chaired number of sessions at International / National Conferences. Currently she is guiding 06 research scholars and 5 scholars completed their PhD under her guidance.

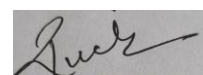

Dr Sharma has also played a lead role to organize conferences, workshops, Manipal Research Colloquium, DST Inspire Science Camps, Faculty Development Programs, blood donation camps etc.

She is life member of various academic societies. She has been honoured as Associate fellow by International Academic of Physical Sciences in 2021 and honoured with "Excellence in Leadership Award" by Institute of Technical and Scientific Research and The institute of Engineers, Rajasthan State Centre, Jaipur.

Dr Kalpna Sharma can be contacted at email: kalpana.sharma@jaipur.manipal.edu.

Keynotes Session Second day (11th June 2024)

Dr. Ruchida Barman

Dean First Year
JECRC, Jaipur

A teacher to the core, have been in this profession for the last 29 years now. Began the career as a school teacher where she reached the position of Vice Principal. Worked for 10 years in the organization and then moved on to Undergraduate level of teaching. She has taught in M.N.I.T., Arya Institute of Engineering and Technology, Global Technical Campus and JECRC College as Head of The Department. As of now she is working in JECRC University as Head, Department of English. There are two Research scholars registered under her for Ph. D. she has chaired sessions in International Conferences. Dr. Barman has published papers in both UGC and Scopus indexed journals and has attended F.D.Ps and Conferences as well.

Dr Barman has also been the Course Director in a Spoken English Teaching Institute CHOICE LEARNING.

She completed her Ph.D. in the year 2000 in English Literature with specialization in American Literature. Dr barman has taken training from Infosys in Soft Skills. She has been a trainer for a short period of time when she took Campus Recruitment trainings in Arya Institute and Vivekanand technical colleges.

Dr Barman has been a creative writer for about 8 years now. She has written poetry, short stories and write ups. She is on the Editorial board of an online magazine Reflections and a research journal Literary Confluence.

While working in Global Technical Campus Dr barman has been the convener of GTC MUN 2016. She has won the Faculty of the Month award while working in Arya Institute of Engineering and Technology.

She has also been working for building a better society both through her creative writing as well as by joining an NGO J and B Foundation Trust that works for the upliftment of the downtrodden in the society.

(Event Coordinators)

Renaissance, a flagship event of the **JECRC Foundation**, is the annual National Inter-College Techno-Cultural Festival hosted by **Jaipur Engineering College and Research Centre (JECRC)**. This year's edition, **Renaissance 2024**, took place over three days and showcased an exhilarating blend of cultural, technical, and entertainment activities.

Some of the standout events included *Adaa* (the fashion show), *Bootstrapping* (the group dance competition), *Robo-Sumo War* (a battle of robots), *Beat the Beats* (a musical jam session), and *RapZap* (the rap battle).

With a remarkable footfall of around **10,000 to 12,000 young and talented participants** from across the country, the festival carried on its legacy of vibrant, energetic celebrations.

Among the various innovative events, a standout technical competition named “**Situational Que**” was held. In this event, participants were required to provide instant reactions to situations that were flashed on the screen in real time. The event was specifically designed for first- and second-year students.

A total of 90 students registered for the event through a Google form-based registration process. Participants were evaluated based on specific parameters, and after the initial rounds, the top 10 contestants advanced to compete in the final round.

The event was filled up with many consolation prizes for the first round of winners ie ten participants

There was First prize of Rs 2500

Second prize Rs 1500

and Third price Rs500

RULES:

1. In the first round every participant would be given a situation.
2. The participants would be allotted 60 seconds to think about the situation and 30 seconds to react to it.
3. In the second round, the winners of the first round will be given a new situation and they would be required to speak 1 min .30 seconds on that situation.

JUDGMENT CRITERIA

A handwritten signature in black ink, followed by the printed text 'Dean First Year JECRC, Jaipur'.

1. Thought content.
2. Fluency of language.
3. Confidence.
4. Sense of humor

JECRC Techno Ads

First Year organized the technical event JECRC TechnoAds during the month of March. It was basically a logo designing event in which every team was assigned a custom product to design a logo on and create a catchy marketing tag line for the given product. Teams whose logo was selected after scrutiny were promoted to the second round. In the second round, the team was to present a tag line for the product and prepare a jingle for the same. They were to perform a jingle within the time limit of 2 minutes. Teams were allowed to use their own device with any version of photoshop software and if they did not have the resource, they were provided one of the lab computers for logo designing purposes. During the first round, we were honored to have Dr. Ruchi Mathur (Dean) along with Dr. Barkha Shrivastav (Deputy Dean). There were various fun activities that included cross-questioning with the participants. They were to recognize the funny taglines of old advertisements spoken out. Free vouchers are distributed to the participants who gave the right answers in the fun round. Based on the logo and tag line along with the jingle performance of teams, the judges announced the result.

Dean First Year
JECRC, Jaipur

The poster features a vibrant purple and blue background with a subtle pattern of stars and a large, stylized 'R' in the background. At the top, there are logos for 'JECRC' and 'JECRC FOUNDATION'. Below these, a banner reads 'JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE presents'. The main title 'Renaissance' is in a large, bold, yellow font, followed by 'JECRC TECHNOADS' in a smaller, bold, white font. The text 'About the event:' is followed by a paragraph describing the event. Below this, 'Rules and Regulations:' is followed by a list of six rules. At the bottom, a scroll displays the dates '19th-21st March '24'. The bottom left corner has the text 'STAY TUNED - @JECRCFOUNDATION' and the bottom right corner has 'We are available 24x7 @renaissance@jecrc.ac.in'.

JECRC TECHNOADS

About the event:

JECRC TechnoAds is basically a technical event in which every team will be assigned a product to design a logo. Teams whose logo will be selected after scrutiny are allowed to participate in next round. In second round, the team has to make a tag line for the product and prepare a jingle for that product. Team has to perform jingle within the time limit of 2 minutes.

Rules and Regulations:

1. Team should be of 2-3 members.
2. Use of internet connection is prohibited.
3. In first round 1 hour will be given for logo designing and the team who will cross the time limit will be disqualified.
4. After scrutiny selected teams will go for second round of jingle performance. Teams will be given 15 minutes for preparing jingles for their respective products. Jingle may contain single line or a musical form
5. Only 2 minutes will be given per team for jingle performance.
6. The team with best logo and best jingle performance will be awarded.

“Inside the Machine: Exploring Computer Hardware Basics” (CSE First Year)

Introduction about Event

Department of First Year is committed to serve as a strong support system to all the technical departments in JECRC by conducting and designing several learning activities, by innovating the neoteric developments through skill enhancement and by doing new experiments for the students of First Year.

Continuing the journey of teaching and learning @First Year, the Department of CSE announced a Workshop activity (Programming for Problem Solving) on the topic **“Inside the Machine: Exploring Computer Hardware Basics”** for students of Semester-II.

The course explained the fundamental of computer that have many components in computer hardware. It also provided an overview of the steps and principles, working of all parts during the process of running a computer.

Dean First Year
JECRC, Jaipur

Students were known about Hardware Components like RAM, ROM, HDD, SSD, CPU and mother board.
