## **PROJECT ALLOTMENT PROCESS**

1. The total number of students is divided into two different sections (A, B and C) and each section has almost equal number of students.
2. In each section, four groups of students are formed based on the previous academic performance of the students as:
  - a) Group 1            Top 25%
  - b) Group 2            Next 25%
  - c) Group 3            Next 25%
  - d) Group 4            Next 25%
3. Project Coordinator distributes these names and groups information to all students through mail .
4. Project Coordinator will display faculty list with their area of interest and disseminate this information between the groups of students so that smooth conduction of projects can be done based on the area interest of students.
5. A project team or group is allowed to form by selecting one member from each group. There can be minimum one up to five maximum members in a project team but no student should be from same group.
6. Student can discuss about their area of interest with the available faculty members. Based on the work area of project, Project Guides will be allocated to each project team. A Project Guide is allowed to guide minimum two and maximum five project teams.
7. Project Guide will mentor the students on prospective projects through a brainstorming session. In this session, Guide will help students in selection of their project and open up new ideas.
8. Students will discuss their project with respective Project Guide and submit their project proposal to them. If student wish to change his project he/she is allowed with due permission of HOD and Project Coordinator.
9. Project Coordinator, after discussing with the other members of project committee, will share following formats to the students through mail:
  - a) Project Proposal Format
  - b) Software Requirement Specifications
  - c) Guidelines to prepare Project Report
  - d) Presentation guidelines

----------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------	-------------------------------------

### **EVALUATION CRITERIA:**

1. Project Coordinator finalizes the evaluation criteria in a meeting with other members of project committee and send following formats to all the Project Guides through the mail:
  - a. Guide's Continuous Evaluation sheet (Internal Assessment)
  - b. Final Evaluation Sheet (External Assessment)

2. Marks Distribution:

- a) **Continuous Evaluation (120)** **Evaluated By:** Project Guide

- Brainstorming & Project Proposal : 20 Marks
- Progress Presentation 1 : 20 Marks
- Viva 1 : 20 Marks
- Progress Presentation 2 : 20 Marks
- Viva 2 : 20 Marks
- Project Report : 20 Marks

- b) **External Evaluation (80)** **Evaluated By:** External Examiner

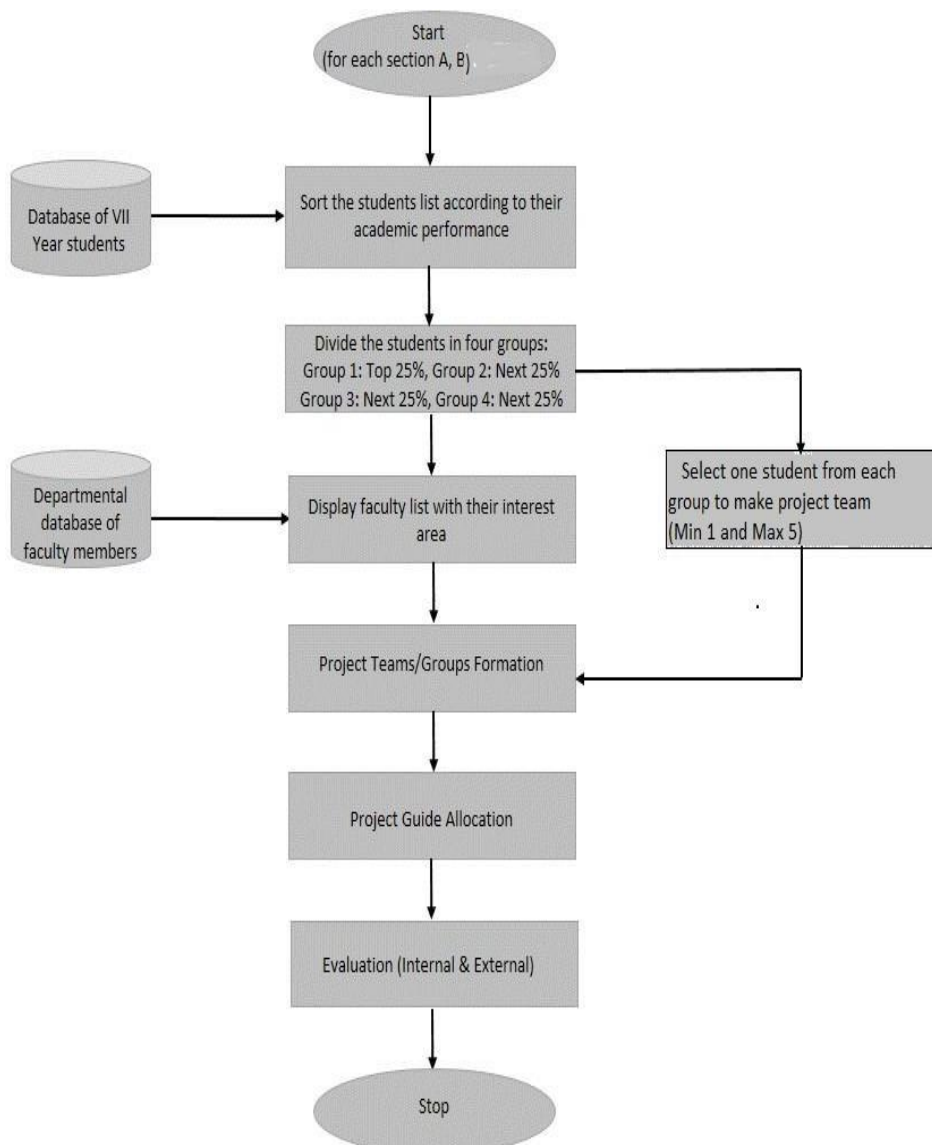

- Presentation : 60 Marks
- External Viva : 20 Marks

□

3. All project guides will send the final data to the Project Coordinator. Project Coordinator will prepare the consolidated list of marks.
